VICTORIA, B. C., MONDAY, JANUARY 20, 1913

NO. 16

LLOYD GEORGE SAYS BEELZEBUB WAS SHAMED BY THE OPPOSITION

**SPEAKS AT BANQUET
ON INSURANCE BILL**

Toughest and Most Baffling
Fight the Liberal Party
Ever Made

**FIVE THOUSAND HAVE
RECEIVED BENEFITS**

Medical Panels Now Adequate-
ly Filled and Committees
Working Well

London, Jan. 20.—Chancellor Lloyd George, at a banquet given by the National Liberal Club Saturday night to celebrate the national insurance success, made a speech in which he grappled the stand which had been taken against the act by the opposition party. Admitting that national insurance had been the toughest and most baffling fight ever made by the Liberal party, the chancellor stated that the government had offered the opposition a non-party measure, and had invited a conference with a view to effecting improvements to the bill.

Nevertheless, continued Lloyd George, the opposition had rejected the offer in the hope of securing election advantages. The Unionists had even gone further, he said, inasmuch as they had neglected a patriotic opportunity and circulated misrepresentations, distortions and inventions which were all lies of the crudest character, of which Beelzebub, himself, would have been ashamed. As far as the

RT. HON. DAVID LLOYD GEORGE.

measure itself was concerned, continued the chancellor, 5,000 people had already received sanatorium benefits under the act, while the insurance committees were working well throughout the country.

The medical panels were, for the most part, now adequately filled, and he would be happy to correct anything which might be unduly pressing the doctors. Nevertheless he would decline to make any further inducements to them or to cajole those who had not already consented to service under the act.

ASK WARRANT FOR PREMIER ASQUITH

**IRISH CROWN JEWELS
SUBJECT OF CHARGE**

Magistrate Decides to Take
Matter Under Consideration
Before Acting

London, Jan. 19.—Danger worse than that daily presented by a warning opposition, danger in the form of a police court proceeding, threatens Prime Minister Asquith and the members of his cabinet. P. Pallace, a barrister, has applied to the Dublin police court for a warrant to arrest Mr. Asquith and the other members of the cabinet which sways the destinies of the British Empire, on a charge of having to do with the theft of the Dublin crown jewels. The magistrate has decided to postpone the application for further consideration.

PREMIER ASQUITH

Against whom P. Pallace, a barrister, has asked a warrant in Dublin police court.

CLEARED MOSS FROM STATUE OF VIRGIN AND SAYS MIRACLE FOLLOWED THOUGHTFUL ACT

Beziere, France, Jan. 20.—Great excitement has been caused in the Beziere region by the report of a miracle. A few days ago a woman went to the old cemetery of Beziere to attend her relatives' graves. She noticed that the stone statue of the Virgin on the mausoleum of the Arnaud Palvagnac family

was covered with moss, which she cleared away with her handkerchief. On returning home, according to the reports, she touched her little paralytic daughter with the handkerchief, and the girl was completely cured. Large numbers of pilgrims now go every day to the tomb.

GRIEF-STRICKEN SOLDIER SHOTS HIMSELF ON LEARNING OF COMRADE'S SUDDEN DEATH

Toronto, Jan. 20.—Grief-stricken over the death of a comrade whose friendship he had enjoyed for twelve years, Private Edward Frazer, of the Royal Canadian Dragoons, shot himself. He is in the military hospital. Frazer's comrade was Private George Sandley,

of the Royal Canadian regiment, who died suddenly of pneumonia.

When the unexpected news was told, Frazer became crazed with grief, and before anyone could anticipate his purpose, he seized his rifle and slipping a cartridge into the breech, pulled the trigger. He will probably recover.

QUARRELLED WITH EMPEROR.

Berlin, Jan. 20.—Emil Paur, formerly director of the Pittsburgh orchestra, suddenly resigned to-day as conductor of the royal opera at Berlin. His action, according to press reports, was due to differences with Emperor William.

RIOT IN LEGISLATURE.

Cheyenne, Wyo., Jan. 20.—A riot is now in progress in the House of Representatives of the Wyoming Legislature, with Speaker Pratt and Speaker

(pro tem) Wood both claiming to preside. A violent fight interrupted by members took place between the two officers.

DISCOVERS WARM CURRENT.

Sydney, N. S. W., Jan. 20.—Mr. Dannevig, head of the Australian fisheries department, reports the discovery of a warm current which originates in the equatorial Pacific and flows into Eastern Australia and Tasmania at the rate of seven miles an hour. It is 100 miles wide.

HON. MR. BATHURST MAKES OBJECTION

**CHARGES BREACH OF
TRUST TO AUTHORITIES**

Says Church Money for Charity
would Be Theft From the
Almighty

London, Jan. 20.—"That God, Himself, is to be robbed," was the contention of Hon. Mr. Bathurst, who objected, during the committee consideration of the Welsh Disestablishment Bill, to any church money being devoted to charity.

Mr. Bathurst contended that the disposal of church moneys in such a manner would be a breach of trust. It would be nothing short of sacrilege to say that church property was to be no longer devoted to the advancement of Christianity. It was no exaggeration to say that the proposal, unless carefully handled, would be one involving the robbing of God.

TRAIN COLLISION AT CITY JUNCTION

**FREIGHT CARS JUMP
TRACK AT VANCOUVER**

William H. Mackay Painfully
Injured, Fireman Bruised,
Passengers Shaken Up

Vancouver, Jan. 20.—Engineer Wm. H. Mackay was painfully injured, Fireman John Gibson slightly bruised and a score of passengers shaken up in a collision between the second section of westbound train No. 3 of the C. P. R. and a derailed box car at Columbia avenue and Alexander street shortly after 10 o'clock this morning. None of the passengers were injured.

The passenger was pulled into the yards slowly on account of the storm and a switch engine with several box cars was going out on a parallel track. As the trains were about to pass, two of the box cars left the rails and a moment later the locomotive of the passenger crashed into them.

Engineer Mackay was hurled from his seat, striking the forepart of the tender. The right side of the cab was demolished, running board and steps swept away and the firebox damaged. The box cars were crushed in.

Mackay was conscious when dragged from between the cab and the tender by Fireman Gibson and Policeman J. Berry. He was hurried to St. Paul's hospital in the police ambulance, where his injuries were found to consist of bruises and lacerations of the scalp. They are not dangerous.

The heavy fall of snow was responsible for the derailment of the box cars.

ANOTHER IMPERIAL CONFERENCE WANTED

London Times Urges Meeting
of Dominions Before Per-
manent Naval Policy Made

London, Jan. 20.—The Times urges that before Premier Borden settles on a permanent naval policy there must be another Imperial Conference to ascertain the extent of Canada's desire to co-operate with the other dominions having a Pacific interest. The dominions now take a broader outlook on the Imperial policy, says the Times, in the face of which Winston Churchill has shown an intermittent perception, and should be tempted to look only to the British convenience, rather than Imperial developments, he would impair the regard entertained for the Admiralty by every dominion.

PREFER HIGHWAY TO LINCOLN MONUMENT

Washington, D. C., Jan. 20.—Bitter opposition to the bill providing for the erection of a \$2,012,000 monument to the memory of Abraham Lincoln is threatened when the measure is taken up in the House on Wednesday. It provides for the erection of a statue and Greek temple on the Mall near the Washington monument and its opponents are trying to substitute for it a plan to construct a memorial highway from Washington to Gettysburg.

OUR MEN OF AFFAIRS

STEPHEN JONES

EXTREME COLD FELT IN WESTERN CITIES

**FORTY-NINE BELOW
AT REGINA SUNDAY**

Minnedosa 36, Winnipeg 32,
Moose Jaw 40, Qu'Appelle 44
Calgary 32, Edmonton 22

Winnipeg, Man., Jan. 20.—Weather throughout the Canadian prairie west over the week-end has been the coldest experienced so far this winter with the promise of continued very cold weather to-day and slightly higher temperatures Tuesday.

In Manitoba the thermometer did not take such a low dip as in Saskatchewan and Alberta, the lowest being Minnedosa 36 below, while Winnipeg was a close second with 32 below recorded. Saskatchewan experienced the real cold, the mercury dipping to 49 below at Regina, while at Qu'Appelle it was 44 below. Other cold spots in Saskatchewan where it was in the forties were Battleford 42 and Moose Jaw 40.

Alberta weather was about on a par with that of Manitoba, Medicine Hat recording the coldest spell, 34 below, Lethbridge 39 below, Calgary 32 and Edmonton 22 below and snowing.

The freak of western Canada was the severe weather which attacked British Columbia, it being six below at Kamloops and four below at Penticton, while at Grand Forks it was zero and Nelson recorded four above.

GOULD RELATIONS ARE HOME FOR WEDDING AT TARRYTOWN THIS WEEK

New York, Jan. 20.—The Duchess of Talleyrand, formerly Miss Anna Gould, reached here to-day with her husband, the Duke of Talleyrand, and her young son, Prince Howard De Sagan, on the belated steamer Mauretania, to attend the wedding on January 22 of Miss Helen Miller Gould, the Duchess's sister and Finley J. Shepard, at Tarrytown.

ARSON RING FOUND BY CHICAGO INQUIRY

Chicago, Jan. 20.—Operations of the alleged "arson ring" and the ingenuity employed by its members in arranging incendiary fires were disclosed to State's Attorney Hoyne, when he resumed his investigation of the case to-day.

In one fire under investigation it is said a score or more of sausage skins filled with gasoline were strung on wires to start the blaze. These gasp line sausages exploded, and spread the flames. Ten witnesses were examined by the state's attorney to-day. It is expected that the case will be presented to the grand jury the last of this week.

CLARENCE DARROW ON SECOND TRIAL

**CHARGED AGAIN WITH
BRIBING OF JUROR**

Prosecution Arising From Evi-
dence Given in Former
Trial of Lawyer

Los Angeles, Cal., Jan. 20.—Clarence S. Darrow, lawyer, union labor advocate, and defender of labor leaders, accused of serious crimes, was placed on trial to-day for the second time on a charge of having corrupted a juror in the McNamara case.

After a trial lasting nearly all last summer Darrow was acquitted of having bribed George N. Lockwood, a salesman called in the trial of James B. McNamara, now serving a life sentence at San Quentin prison for blowing up the Los Angeles Times building. To-day the lawyer was put on trial on the charge of having bribed Robert F. Bain, the first juror chosen in the same case.

Bain and his wife testified at the Lockwood trial that Bert H. Franklin, a detective employed by the McNamara defense had given him \$400 with the promise of \$2,000 more if he qualified as a juror, and voted for the acquittal of McNamara. Franklin, who was given immunity, said that before he had been approached by Bain, Darrow had told him it was "about time to reach some jurors."

District Attorney Fredericks is authority for a prediction that the present trial will not last more than two weeks.

SERIOUS QUARREL ON TURKISH WARSHIPS

**BLOWS EXCHANGED
FIFTEEN WOUNDED**

Women Called Officers Poor
Spirited and Said Forts
Should Sink Ships

Constantinople, Jan. 20.—A serious quarrel occurred recently on the Turkish warships in the Dardanelles between officers who were anxious to fight the Greeks and others who considered that the Turkish fleet was no match for the enemy. Blows were exchanged, and before the quarrel was settled fifteen officers were wounded.

The trouble arose through the circulation of a manifesto signed "The Women of Turkey," suggesting that the forts should sink the Turkish warships, whose poor-spirited officers allowed them to be at the approach of the Greek fleet.

It was because of this slur that the Hamidieh made its adventurous cruise. The ministry of the interior has issued a report of an engagement between the Turkish and Greek fleets between the islands of Tenedos and Lemnos, lasting several hours.

According to this official report there were heavy losses on both sides. The Turkish fleet returned safely to the Dardanelles and the wounded are being brought to Constantinople.

It is not known here whether this report refers to the engagement on Saturday, or whether the engagement was renewed Sunday.

CANADIAN NORTHERN TO LAY STEEL IN CALGARY DURING PRESENT WEEK

Calgary, Alta., Jan. 20.—The Canadian Northern will lay steel into Calgary during the present week. The end of steel was only four miles from the city limits Saturday night. From Calgary the engineers will connect the Goose lake extension of the main line between this city and Saskatoon. Of this extension there remains to be finished only thirty miles, and the road is expected to be in operation in this section early in the spring.

WARNING GIVEN TO TURKISH CABINET

**FOURTEEN DAYS FOR
ANSWER TO JEMANDS**

Bulgarian Delegate Instructed
to Give Four Days' Notice
Before Resuming Hostilities

**ATTACKERS DELUDED
ABOUT ADRIANOPLE**

Garrison in Good Shape and is
Able to Resist for Sev-
eral Months

London, Jan. 20.—Bulgaria, Serbia and Montenegro to-day presented an ultimatum to Turkey, giving the Ottoman government 14 days in which to make a favorable reply to their demands, according to dispatches from Constantinople.

Full power to declare the resumption of hostilities against Turkey was telegraphed to-day to Dr. S. Daneff, leader of the Bulgarian delegation, and his colleagues by the Bulgarian premier, J. S. Guechoff, who told them to exercise it whenever in their opinion further peace negotiations became useless.

The report of the Balkan allies will therefore directly notify General Savoff, the Bulgarian commander-in-chief, that the armistice has ended as soon as it becomes apparent that there is no hope for peace plenipotentiaries reaching mutually satisfactory arrangements. Hostilities will commence four days afterwards.

The Bulgarians have now discovered that they have been completely misled in regard to the conditions prevailing in the beleaguered Turkish fortress of Adrianople, and have consequently decided that a prompt change in their policy is necessary. Two weeks ago they were informed that the fall of the fortress could be expected hourly, but a recent council of war held at Mustapha Pasha, under the presidency of King Ferdinand, came to the conclusion that Shukri Pasha, the Turkish commander in Adrianople, had been able to economize the supplies in the fortress to such an extent that the garrison would be able to resist perhaps for several months more.

Shukri Pasha, it appears, deluded the Bulgarians by means of false reports spread by supposed deserters, who reached the Bulgarian lines drawn around the city.

The commanders of the Bulgarian forces now know the truth and Bulgaria has determined to force a speedy solution, so as to put an end to the heavy expenditure and permit the men under arms, who comprise virtually the whole of the able-bodied male population of Bulgaria, to return to agricultural work. Otherwise it is thought the next harvest will be lost.

The next meeting of the ambassadors of the powers at the British foreign office has been postponed until Wednesday, owing to the absence from town of two of the ambassadors.

The Servians have decided to present to-morrow to the powers a memorandum which they have drafted, detailing their intention in regard to the territorial changes arising out of the war. Servia will ask to be permitted to occupy permanently the eastern part of the district of Novipazar, bordering on the Serbian frontier, and also the entire region eastward from the River Drin to Lake Ochrida, as well as the fortress of Monastir, which the Servian troops captured from the Turks after a severe fight.

Athens, Greece, Jan. 20.—A Greek officer, who participated in the naval battle between Greek and Turkish fleets off the Dardanelles on Saturday and who closely followed all the incidents of the fight, says that during the pursuit of the Turkish warships by the Greeks the battleships Khayr-Ed-Din, Barbossa and Torgut Reir, slackened speed and showed a list to starboard. He believes that the vessels were in a sinking condition when they reached the straits.

Port Said, Jan. 20.—The Turkish cruiser Hamidieh, which arrived here on Saturday morning, sailed to-day for the Red Sea after taking on board 100 tons of coal, allowed by the authorities.

STRIKE SETTLEMENT PARTIALLY EFFECTED

New York, Jan. 20.—Ten thousand girls of the 37,000 affected by the agreement Saturday morning between shirtwaist and dress manufacturers and their employees, related to-day at the terms of the proposed settlement, and remained out on strike. The other 27,000 went to work at increased wages.

TWENTY MILLION YARDS OF C. P. R. NEW WEST BRANCH LINES CONTRACTS SIGNED

All Records Surpassed by 1913
Work Let Out to Contractors

BULK OF WORK IS IN SASKATCHEWAN

To Push Forward Double-Tracking Between Kemnay and Calgary

Winnipeg, Jan. 20.—Contracts have been awarded by the Canadian Pacific railway for the construction of 20,000,000 yards of new branch lines throughout the prairie provinces of western Canada. Such a quantity as this surpasses all records, and it is now assured that 1913 will easily outdistance anything in the past in the matter of railway development. The bulk of this work will be undertaken in Saskatchewan, where the C. P. R. has considerable territory which requires to be opened up, and also several branch lines which need to be completed. The close of the present year will find them in a proper condition for operation.

The awarding of these contracts had the effect of drawing into Winnipeg some of the larger railway contractors from all parts of Canada and of the United States. Between 30 and 40 of them, representing the interests of well-known firms, arrived. Among the successful tenderers were: Ed. Peterson, Omaha; E. B. Wine, Omaha; Henry Nicholson, Omaha; C. C. Barnes, Des Moines; Jas. Connors, Council Bluffs, Iowa; Chris. Nerhen, Edmonton; D. Treadway, Edmonton; Jno. Timothy, Edmonton; T. F. Stroud, Edmonton; J. A. Soudgrene, Battleford; and Steve O'Keefe, Battleford.

The largest contract will be for the completion of the Weyburn-Lethbridge line, where there remain 170 miles to be constructed. The contract for this work was let to-day, and when the steel was laid the Weyburn-Lethbridge branch will be completed.

Another branch line to be finished this year is the Swift Current-Bassano line, where there are 125 miles yet to be built. This was also let to-day.

In addition to these, new branch lines will be commenced in the province of Saskatchewan. In the first instance a line is to be constructed northwest from Coronation, which is ultimately to connect with some point on the Wetaskiwin line. Twenty-five miles will be undertaken this year, the other line to be built east from Empress and will

also be carried to a point on the Wetaskiwin branch. In this case 125 miles were put under contract this year.

The eighty miles left to be built to connect up the Lacombe-Outlook branch was also let.

In Alberta the development of branch lines will not be so great, but quite a large quantity of new line will be in operation before the dawn of 1914. Arrangements have been made by the company to have an additional twenty-five miles built on to the west end of the Weyburn-Lethbridge line, and the contract for it has been awarded.

Besides this, a cut-off is to be built between Sheppard and Gleichen, a distance of about thirty-five miles. In addition to this the C. P. R. will push the double-tracking of the main line between Kemnay, a point west of Brandon, and Calgary.

The contracts awarded are:
Single Tracks—Gimli, north 22 miles; Snodgrass, west 9 miles.
Double Tracks—Kemnay-Virden, 40 miles; Whitewood-Gretnel, 31 miles; Indian Head-Regina, 44 miles; Chaplin-Swift Current, 63 miles.

Single Tracks—Anglia, north 30 miles; Kerobart, west 60 miles; Coronation, north 24 miles; Gleichen-Sheppard, 40 miles; Retlaw, north 25 miles; Sterling, east, 25 miles; Mildem-Empress, 120 miles; Empress-Bassano, 118 miles; Weyburn, west, 145 miles.

COCKING MAIN ENDS ON POLICE ARRIVAL

BIRDS SECURED AND MEN'S NAMES TAKEN

Sunday Night Gathering at Conte Del 'Isle Has Unexpected Ending

Montreal, Jan. 20.—A big cocking main was broken up last night at Conte Del 'Isle by Superintendent J. J. Walker, Inspector Phillips and W. H. Griffith, game warden official of the Society for the Prevention of Cruelty to Animals. Sixteen live birds were seized and four dead ones.

Information was received by Superintendent Walker late yesterday, and in company with the other officials he went down to Conte Del 'Isle, where the main was being held in a motor boat factory.

Upon the appearance of the officials there was a stampede for the exits, and the eight low windows in the building were used as means of escape. Outside the building there were four rigs and two large touring cars and as many as could scramble into these and drove off, while the others made themselves scarce in the open country, but not before some 20 names of local residents were taken.

These men were ordered to appear at the offices of the society to-morrow when action will be taken against them.

BLUNDER IN STAMPS DISCOVERED IN TIME

Pedro Miguel Lock Engraved Instead of Gatun on Impressive Picture

Washington, D. C., Jan. 20.—More than 23,000,000 two-cent Panama-Pacific International Exposition postage stamps have been destroyed in the bureau of engraving and printing because some officer of the third assistant postmaster-general's office did not know the difference between the Gatun and San Pedro Miguel locks of the big ditch.

It was discovered two days ago that the entire issue bearing an impressive picture of the Panama Canal lock, which follows closely the recent etching by the artist, Joseph Pennell, was labelled "The Gatun Locks." Some veteran of the Panama excavation who saw the stamps, pointed out that the picture was not of the Gatun lock, but of the Pedro Miguel lock.

An inquiry showed the postal authorities their blunder, and rather than subject themselves to criticism and ridicule, they decided to destroy the entire issue.

NANAIMO ASKS FOR EXPLOSION INQUIRY

Nanaimo, Jan. 20.—An immediate and exhaustive investigation by the government into the facts of the explosion on board the freighter Ocaz last Wednesday, when forty tons of dynamite exploded, with a property loss to Nanaimo of fully \$100,000, and danger to the lives of residents of the city, is to be asked for. The apparent carelessness with which large quantities of explosives are handled in the very heart of the city has been brought into prominence now an explosion has occurred. The board of trade has decided to forward to Ottawa a request for a prompt and thorough investigation, and a like communication will be sent to Attorney-General Bower, asking him to also institute an inquiry.

Roofs Made Fire-Proof by Newton & Greer Co., 1326 Wharf street, makers of "Nap" Roof composition.

ALBERNI ELECTS C. F. BISHOP FIRST MAYOR

PROSPERITY TICKET VOTED TO COUNCIL

Initial Election for Newly Incorporated Island Community Caused Electors Surprise

Alberni, Jan. 20.—As a result of the first city council election held in the newly incorporated city of Alberni C. F. Bishop will be the first mayor, the result of the poll being 52 votes for Mr. Bishop, and 30 votes for his opponent, J. R. Motion, Mayor-elect Bishop headed the Progress and Prosperity ticket, which made a clean sweep.

This came as quite a surprise to a large number, as it was fully expected that at least C. M. Pineo and W. R. H. Prescott would be elected, but they were disappointed, although making a close race. Mr. Pineo only lacking two votes, and Mr. Prescott 3 of the lowest successful candidate. The aldermen were elected in the following order: G. Furset, 72; A. W. Neill, 63; J. Grievie, 52; W. F. Gibson, 48; G. A. Spencer, 46; and J. Hill, 45.

School trustees were elected as follows from a field of five: J. McG. Thomson, 62; S. H. Toy, 59, and D. H. Riddell, 56.

The council holds its first meeting to-day.

ASSETS OF 1907 BANK FAILURE NOW OFFERED

Depositors Cannot Get Above 20 Cents for Savings in California Bank

San Francisco, Jan. 20.—Bids on the assets of the wrecked California Safe Deposit & Trust Company were advertised for to-day by Frank J. Simmes, the receiver. Buyers will have until February 20 to submit their offers.

From 5 to 10 per cent., said the receiver to-day, is all that remains in sight for the depositors from the sale. They have already received one dividend of 10 per cent.

Liabilities at the time of the failure were booked at \$9,000,000. The failure of the company more than four years ago was a scandal that shook the state.

LONDON REALTY IS BELOW NEW YORK

New York, Jan. 20.—A high record price for real estate in London, set by the sale of ground near the new Mall archway at Charing Cross, at \$127 a square foot, or about \$5,500,000 an acre was reported to-day in real estate circles.

As compared with the New York record, London's new mark still falls far short. A plot on the southeast corner of Broadway and Wall street was sold some time ago for \$558.65 a square foot, or \$24,334 an acre.

STUDENTS KEPT SOBER BY MOVING PICTURE

New York, Jan. 20.—Moving pictures are helping to keep Cornell students sober, according to the report of Theodore Weston, professor at the university. Evenings now spent at the university "movies," he said, formerly were more generally taken up by carousals. Mr. Weston also reported that undergraduates were no longer allowing a false college spirit to overcome their good sense, and realize that an intoxicated student is a disgrace to the university.

TOP NOTCH REACHED IN SEALSKIN PRICES

London, Jan. 20.—At the annual sale of Alaska sealskins, the property of the United States government, higher prices than ever before were obtained. The 3,764 skins realized \$28,585 (about \$140,000), or 152s. 9d. (nearly \$40) as an average price per skin, being 11s. (nearly \$3) per skin higher than any previous sale. Dealers from all parts of the world were present.

MONGOLIA AND RUSSIA ON FRIENDLY TERMS

St. Petersburg, Jan. 20.—The Mongolian deputation which came here to thank the Russian government for its recognition of Mongolian independence has decided to accept the advance of Russia, and not to approach any other European power with a similar request. The members of the deputation asked Russia to finance a Mongolian national bank and also to provide a financial adviser for the government.

TO GUARD PANAMA

Washington, Jan. 20.—A garrison of 25,000 men will be necessary to guard the Panama canal, Col. Goethals told the naval affairs committee to-day. Under present plans congress would provide for a garrison of only 8,000 men.

An End to the Curse of Wearing Worthless Trusses

No More Rupture Troubles
60 Days' Trial
To Prove It

You Don't Have to Risk A Penny
Here is something absolutely guaranteed to keep your rupture from coming out. You don't have to take our word for it. You can try it sixty days—make a thorough test—without having to risk a penny—and see for yourself. If it doesn't hold—if it doesn't keep your rupture from coming out in any way—then it won't cost you a single cent.

The Only Thing Good Enough to Stand Such A Test
You know as well as we that you can't tell anything about a truss or anything else for rupture merely by trying it on. That's the worst of going to a druggist or local truss fitter's.

A truss of so-called "appliances" may seem all right when you first put it on, and afterwards prove utterly worthless. The only way in the world you can make sure of exactly what you're getting is by 60 days' actual trial.

And our guaranteed rupture holder—the famous Clute Automatic Massaging Truss—is the only thing of any kind whatever for rupture that you can get on sixty days' trial—the only thing good enough to stand such a long and thorough test.

Something Nothing Else Does
The Clute Automatic Massaging Truss is so utterly different from anything else for rupture that it has received eighteen separate patents.

It provides the only way ever discovered for overcoming the weakness which is the real cause of rupture.

Just how it does that—entirely automatically—is all explained in the free book.

Will Save You From Operation
The Clute Truss has so thoroughly proved its merits that physicians in all parts of the world and surgeons in the U. S. Army and Navy now recommend it instead of advising operation. It has

HAS REGARD TO ALL PRIVATE BILLS

Latest Dates on Which They Will Be Received and Decided Upon

An order was issued by the clerk of the legislative assembly this morning to the effect that the time limited for necessary petitions for private bills will expire on January 27.

Private bills must be presented to the House not later than February 6. Reports from committee on private bills will not be received by the House after February 13.

OPPOSITION MOVES IMPORTANT PROPOSAL

Member for Newcastle Presents Plea for Amendment of "Yea and Nay" Rule

The orders for to-day's parliamentary procedure provide primarily for the resumption of the adjourned debate on the address in reply to the speech from the throne. The formal adjournment last Friday was moved by Parker Williams, member for Newcastle.

After the presentation of reports by standing and select committees Mr. Williams will move the following important resolution, affecting as it does the course of procedure in this particular session of 1913. The resolution is as follows:

"Whereas Rule 110 of this House provides that upon a division the yeas and nays shall not be entered on the journals unless demanded by three members:

"And whereas the enforcement of the said rule will impose a hardship on the opposition in this parliament:

Therefore, be it resolved that the said Rule 110 of this House be amended by striking out the word "three" where it occurs in the third line, and substituting the word "two" therefor.

After question time the bill being championed by the Hon. Attorney-General and intitled "An Act to amend the County Courts Act," will come up for its second reading.

PICKING UP THREADS FROM LATE COUNCIL

Method of Marketing Debitures Must Be Considered—The Minimum Wage

A number of matters have been left over for the early attention of the new council. One of the most important is that of marketing the debitures which the city has on hand, and to which have been added another \$100,000 worth through the money by-laws authorized last Thursday. The present arrangement with the Dominion Securities Company is claimed by Alderman Cuthbert not to be the best way to market the city's bond issues in that no negotiations for a sale may be effected, except through the brokers. Having in view the fact that the agreement with the Securities Company terminated last month, he recommends closing up the agreement. The Bank of British North America is believed to have a greater incentive to maintain the city's credit if no agreement of the character named exists, and so a decision favorable to a change is anticipated.

Another point which requires settlement is that of the garbage collectors and similar employees of the health department. These men have a dirty, unpleasant occupation, yet they do not enjoy the same privileges as the ordinary city workman, who has a minimum wage of \$3 a day. They lodged protests early last year, but obtained no satisfaction, so renewed the request just before the late council retired from office.

A whole quiverful of subjects recommended by the departmental officials in the course of those annual reports, which are to hand will have to be taken into consideration, particularly those advising the supplementing of the garbage collection service, the additions to the equipment of the fire department and park improvements.

SO INQUISITIVE.
Mamma (after her youngest's first day at school)—Now, Fritz, what did you do in school to-day? Fritz—Well, such curious people! First the teacher asks me what we did at home, and now you come and ask what we have done in school!

RATTENBURY IS NEW REEVE OF OAK BAY

School By-law Carried—Property Owners Express Dissatisfaction

Francis M. Rattenbury was elected reeve of Oak Bay on Saturday by a majority of 28 over William Henderson. The victor's supporters registered 230 votes on his behalf, while 204 were cast for Mr. Henderson. Seven ballots were spoiled.

His Honor Judge Lampman and Thomas Ashe were elected as school trustees by acclamation. H. Lotte, the third candidate, having withdrawn from the contest.

Dissatisfaction was evidenced by some prominent citizens during the election as, owing to the alleged dictatorial methods of the land registry officers, their names were omitted from the list of registered property owners qualified to vote, though many of those so affected and voted for years, and were well-known as property holders.

WATERWORKS REPORT WILL BE CONSIDERED

Council Will Be Called Upon to Cover Deficiency—Report on Sooke Lake Expected

The city council will have the waterworks report before it as one of the early subjects of discussion in the new year. This report proposes to meet the situation which has arisen in connection with the supply, through which the amount will be inadequate to cover the interval till the Sooke lake system is completed. This report was delayed on account of the time required to take soundings of Elk lake and then was held back during the civic election as it contained material which would have

HOW MUCH?

Parker Williams has begun to ask questions. He wants to know how much money leaped from the provincial treasury across the causeway and over our lofty buildings into the chest of our contemporary in the financial year 1911-12. We can tell Mr. Williams what the advertising account was. The public accounts report gives the figure at \$12,275.43. The Vancouver News-Advertiser, under the same control, received \$7,631.10, beating out the Vancouver Province, which pulled down \$7,332.93. The Week also managed to make an honest living to the tune of \$6,559.15, receiving nearly \$3,000 more than the New Westminster Columbian, a well-known Conservative daily, and \$3,700 more than another prominent Tory daily, the Nelson News. But, after all, when it comes to a marathon with the provincial exchequer as the finishing point our dignified morning contemporary has them all winded. Mind you, we are not insinuating that value was not rendered for those large amounts—in a political sense. But we have often wondered at the frequency of those stately eulogies of the Premier in our contemporary, and the many excellent pictures of him with which it adorned its pages.

A PACIFIC FLEET.

Press dispatches state that Mr. Joslen, a prominent New Zealand capitalist now visiting Ottawa, advocates the establishment of a joint fleet by India, Australia, New Zealand and Canada to protect mutual interests on the Pacific. He points out that provision of this kind is imperative in view of the danger of an Oriental menace. He also makes the astonishing remark that New Zealand would expect help from the United States in the event of an invasion by one of the Asiatic powers.

Mr. Joslen's point as to the co-operation of the dominions for the protection of mutual interests on the Pacific is well taken. But, unfortunately, under the proposal at present advocated by Mr. Borden, Canada is not to have a Pacific unit and he is on record as saying that in his opinion he could not build up an effective organization within perhaps half a century. On the other hand, Sir Wilfrid Laurier's proposal makes the plan suggested by Mr. Joslen easily practicable as far as Canada is concerned. He said: "Wherever on the distant seas a British ship has been removed to allow concentration in European waters, that ship should be replaced by a ship built, maintained, equipped and manned by the country concerned. This is the Australian policy; it ought to be the Canadian policy."

With regard to the hope the New Zealander entertains of assistance from the United States in the event of Asiatic invasion, we think such an attitude is lacking in national dignity or respect. New Zealand seems to prefer to send a cash contribution to the Admiralty instead of co-operating with Australia in the organization of local navies. That preference is due to the fear that such co-operation would result in the smaller dominion's absorption into the Australian Commonwealth. In other words, rather than join with Australia for their mutual protection, New Zealand sends her money to the Admiralty and hopes for aid from the United States in time of peril. That position is illogical and humiliating for a British dominion. Surely New Zealand does not expect the United States to sacrifice blood and treasure for her protection, to deliberately enter into a war with a friendly power to save her. The only consideration that could justify such a course would be a territorial gain by the United States, and even for that it is much to be doubted if the republic would interfere. The United States are not looking far afield for colonies.

FEASIBLE PROPOSITION.

The Times on Saturday published the report of an interesting interview with Alex. Lucas, M. P. for Yale, and a member of the Royal Commission on Agriculture. Mr. Lucas is an earnest advocate of a policy of government loans to settlers on easy terms, and presents an unassailable case on the subject. His investigations have shown that in Australia and New Zealand, where the system has been tried, it has met with the greatest success. In the state of Victoria it is managed by a commission which issues bonds and debentures guaranteed by the government. From the proceeds of the issue loans are made to farmers in sums ranging from \$250 to \$10,000. The rate is six per cent, four and a half for interest and one and a half per cent. for sinking fund. It is interesting to note that although the huge sum of more than fifty-five million dollars has been loaned in this way no losses have been incurred, and the latest report shows a surplus of \$425,000. So the system not only operates to the advantage of the farmers, but is a paying proposition for the state.

There is no reason why some plan of this kind cannot be adopted in British Columbia. The fact that it is supported by practical farmers like the Minister of Agriculture and Mr. Lucas, whose concern for the elemental industry has not been consumed by the political bug, indicates that it is feasible. If they can catch the other members of the government in one of those rare moments of abstraction when they forget politics and induce them to deal with this pressing question on statesmanlike grounds they will confer a lasting benefit on the province.

PEACEFUL ELECTION.

The election of Raymond Poincaré as president of the French Republic was conducted with despatch and dignity. None of the candidates used the muck-rake on his rivals' past, and the steam roller, if they have one in France, remained peacefully in the stable.

The French president is elected by the Chamber of Deputies and Senate, and his term of office is seven years. There is no fixed age qualification, but the electors invariably have decided to be on the safe side, and have selected men whose years are such that they are not likely to attract to the presidency that "fierce light which beats upon a throne." No members of a royal family that once reigned in France can be elected, which means that the Bourbons and Bonapartists will not have an opportunity of fighting for the sceptre until the French nation changes its mind on its form of government. The annual remuneration of the French President is \$240,000, with a state home in the Champs Elysees thrown in. The president of the United States receives \$75,000 and the use of the White House, but to get there he has to wade through torrential waters, quicksands, and, sometimes, mud.

CURIOSITIES OF RECIPROCITY.

Scarcely a day passes, now that Britain is in a ferment about the death and interment of the food tax issue, in which some wise old owl of a Unionist newspaper does not proclaim its belief that Canada was saved to the Empire when reciprocity was rejected. If that is so, we really fear this poor helplessness "outpost" may be yet in danger of absorption. Because in one very important department of our trade we are having reciprocity with the United States. And one peculiar feature of the matter is that our own loyal Sir Richard, but recently in receipt of royal honors, is responsible for the reciprocal part of the movement as it affects British Columbia. The Powell River Company are now, according to their own claims, furnishing paper made in this province to nearly all the newspapers on the Pacific Coast. This could not be done if Sir Richard McBride were to enforce to the letter the provincial regulations relating to the export of the products of the forest. But we are glad the provincial government is in one respect at least bigger than its regulations and that in one phase of the subject both Canadians and Americans are permitted to reap the benefits of reciprocity.

Premier Gouin of the province of Quebec has done the same thing, and we have not heard of one single objection being raised to his action, probably because every one when in a normal state of mind is capable of seeing that trade is a matter apart entirely from sentiment and that the bigger our trade the better for all traders. But there is a moral connected with the story of reciprocity in paper. The paper trade in Canada is controlled by "big interests." These interests saw big profits in one phase of the reciprocity agreement, and they went to work and removed all obstacles to free trade in paper. Sir William Van Horne, although he became "sick" at certain aspects of reciprocity, as a heavy shareholder in paper mills smiled his approval of one particular aspect of it. Hence reciprocity in paper. Although

COAL FOR EVERYBODY

There is no need to be without fuel during this cold spell. Get your own wagon and come to our bunkers at the foot of Johnson street and you can have coal in any quantity you wish. Come on Sunday if you wish, we shall be there.

KIRK & CO.

COAL DEALERS

618 Yates Street and Esquimaux Road.
Phones 212 and 139.

Sir William is not so very far removed from being an American citizen, there is obviously no danger now of his loyalty being affected by the United States dollars he makes out of his paper mill. With ordinary people, such as farmers and consumers, whose loyalty might not be so firmly based, of course the case is different. Anybody can see that. Still we observe that the prairie farmers refuse to see it and seem determined to make trouble for those loyalists who trouble for the fate of the Empire.

George Druce, the man who created a stir in England a few years ago by claiming the title and estates of the Duke of Portland, is still on the job. He is now in San Francisco searching for evidence to bolster up his claim. If the gentleman is so hard up for a title he can buy one in any of the little European principalities for \$250.

An eccentric gentleman in Dublin has applied for the arrest of Prime Minister Asquith on the charge of complicity in the theft of the crown jewels in that he knows where they are. The eccentric gentleman is evidently a strong anti-home ruler. Next thing we know somebody will be trying to have Joe Martin arrested on similar grounds.

If the Venus de Milo were to come to life in the Louvre and pay a visit to M. Worth's establishment the expert modistes there would refuse to furnish her with a costume. Rather they would send for an alienist. As a "figure" she is hopelessly out of date and would be squeezed to death in the society garb of this century.

WIVES WEAR LITTLE ELSE.

From Puck.
Wife—"John, I haven't a skirt fit to wear."
Husband—"Well, that's the style, isn't it?"

STILL SOME LEFT.

Puck.
Among the many luxuries of our modern civilization is the occasional chance to make an honest living.

NOTHING TO COMPLAIN OF.

The other day a lawyer was airing his indignation. He had been robbed. It was outrageous the way things went on right under the eyes of the law. Finally the judge noticed the fretting and fuming. "What's the matter?" he asked. "Matter? It's a confounded outrage. Had my overcoat stolen right from this room." The judge smiled. "Overcoat, eh?" he said. "My dear fellow, that's nothing. Whole suits are lost here every day."

Quality

We are producers of Quality Printing. By this we mean printing that shows the maximum of worthy material and workmanship, printing which will be a credit to any firm using it. We can do your printing in the way you've so often wished it could be done. When you call about this matter let us explain the Sweeney-McConnell system of Loose Leaf Bookkeeping.

Another Big Sale of Our Women's Coats the Best Bargains During This Month

Now Comes an Important Sale of Women's Coats That Sets a New Standard for Values

\$12.50 BUYS A WHITE BLANKET COAT OR A CHOICE STYLE IN TWEED ON TUESDAY

NOT a single coat in this line that can be purchased in the ordinary way for much less than three times this price, but this is the way we have chosen to move our stock while the garments are of good service to you.

See the window display for styles and form your own opinion as to their value—that is the only way to do justice to the coats, and is stronger evidence of their worth than the quoting of the regular prices.

Early shopping will be a great advantage to you on Tuesday.

A Man May Possess Great Ability But Unless He Wears Good Clothes, Who Will Recognize Him?

It is said that good clothing has two effects; the effect on the wearer and the effect on those with whom he comes in contact.

The effect on the wearer is an important one. A man never feels thoroughly at ease unless he is dressed well enough for the occasion, neither can he play his part with the confidence that will carry him forward to success.

The business man finds that he depends largely on the first impression that he makes on his client, and as a man must be judged by the stranger largely by the manner in which he is dressed, he can't wear clothes that are too good.

Now here is a chance to buy the best of Suits at a price you usually pay for a much lower grade in the regular course of business, so why not look your best?

We have a style here that will suit you, and your size, so there is no reason why you should not benefit by the generous reductions that our January Sale offers.

Regular \$25.00 to \$32.50 Suits for**\$18.75**
Regular \$18.00 to \$22.50 Suits for**\$11.75**
Regular \$12.50 to \$15.00 Suits for**\$9.75**
Regular \$10.00 Suits for**\$5.75**

See the "Shaker Knitt" Sweaters for Women

MARKED AT \$4.75 BUT EASILY WORTH \$5.50

WOMEN who want a Sweater that is a pleasure to wear, that keeps its new appearance for many a long day, and made to outwear at least two sweaters of the ordinary kind, will find this line just what they are looking for.

They are knitted from the finest of wool, have neat, convertible collars, come in all sizes and in colors grey, white, cardinal and fawn.

You'll appreciate their qualities as soon as you see them.

Parents of Growing Boys Should Take Advantage of These Savings on Suits

IT'S not an easy matter for the average parents to clothe their boys well and save a little of the weekly wage for a rainy day, and for this reason the heavy reductions made on boys' suits during this sale is of great importance to many.

All men are imitators, so are boys. They like to dress as well as their elders, and the clothes they wear have a greater influence on their characters than is generally recognized.

Make your boy feel that he is a little gentleman by buying him one of these suits or overcoats. He will appreciate it and you will save on the investment.

We are showing a great variety of colors, styles and materials, so you are sure of finding something here that will suit him, and as the prices are unusually low, you will find the cost well within your reach.

Bring the boy in on Monday and treat him to one of the best suits that he has had the pleasure of wearing without going to price extremes.

Fleecy Flannelette Garments for Women's Comfort

JANUARY SALE prices are an inducement to buy, but the cold nights force the necessity of warm garments in a comfortable style, and add another strong inducement to make your purchases without further delay.

See the garments and you will appreciate the fact that their cost is out of all proportion with the comfort and wear that they will afford.

NIGHT GOWNS in fancy striped or plain pink flannelette, made with a tucked yoke, high neck and long sleeves. They are an excellent value at**65c**

FLANNELETTE NIGHT GOWNS of a superior quality come with tucked and embroidered yokes, high necks and long sleeves. They cost a little more than some lines, but are worth every cent of the price you pay, and then a little more. All sizes at**\$1.15**

FLANNELETTE UNDERSKIRTS come in a variety of fancy stripes, in colors pink and blue. They are a plain but serviceable and comfortable line, that cost you only**50c**

Our Stock of Furs and Muffs Marked at \$10 and \$25 to Clear

SEE THE WINDOW DISPLAY on View street and you will find that the prices are nowhere near the mark at which they should be selling. However, the season is rapidly advancing, and we do not want to carry over a single line, so we cut the prices to the lowest possible mark to accomplish our object.

Serviceable or Fancy Aprons

A GOOD VARIETY MARKED AT PRICES THAT PLEASE

WHETHER you want an apron to protect your dress while at work in the kitchen, or to wear on more dressy occasions, you will find a style here that will give you entire satisfaction.

They are made from good materials and are finished in a style that, for neatness and good service, are as good as any woman can wish to wear.

HOLLAND APRONS, of extra good quality, a large size and finished without a bib. Price each**50c**

HOLLAND APRONS, a heavy quality, extra large size and finished with a bib. Price**75c**

KITCHEN APRONS, made of a good, strong English print in dark colors. These are finished with a bib and are a splendid line for**50c**

MAIDS' APRONS in a variety of styles, some plain and others finished with embroidery. Prices start as low as 25c and range up to**\$1.00**

AFTERNOON APRONS, made of dainty muslins and plain lawns. Some of them are finished with tucked frills of self and others are daintily trimmed with embroidery and lace. Prices from 35c each up to**\$1.00**

DUST CAPS, made of soft, mercerized mull, come in light and dark colors. Price each**50c**

LADY MAD CAPS, made of Japanese silk, come in a fine range of colors. They are neatly trimmed with silk of a contrasting color and the price is**\$1.00**

White Wool Coats With Satin Linings Only a Few to Be Sold at These Prices

REGULAR \$40.00 VALUES FOR \$23.75
REGULAR \$27.50 VALUES FOR \$15.75

THIS is the first time that we have made a reduction on this line and we are confident that it will be appreciated.

They are some of the most fashionable coats that we have offered this season and show a very marked degree of skill on the part of the tailor and the artist who designed them.

Good taste is shown in every detail of the garments and they are sure to find ready purchasers at these lowered prices. See them and you will be delighted with their beauty and value.

The Best of Sheetings at Reasonable Prices

BEFORE we make our semi-annual inventory, we intend to reduce our stock of sheetings, and have marked all lines to the lowest possible price. With the prospect of a rise in the price of cotton, it is almost certain that the price of sheeting will be materially increased in the near future.

BLEACHED SHEETING, woven from a strong cotton yarn, well finished and 2 yards wide, is now marked at only**25c**

A FINELY WOVEN SHEETING, 2 yards wide, comes in three qualities. It is free from dressing and any of the lines will give you excellent service. Special prices 30c, 35c and**45c**

HOSPITAL SHEETING in a heavy weave, is a quality that rarely fails to please. It makes up into strong uniforms and is a really good investment. Prices, per yard, 3-4 at 50c, and the 5-4 at**55c**

AN EXTRA WIDE SHEETING comes in a good range of qualities, all equally good for the money. The plain weave, in the 9-4 width comes at, per yard, 40c, 50c and 55c; twilled sheeting in the 9-4 width at 40c and 50c; and plain sheeting 10-4 wide at**55c**

ANOTHER GOOD LINE is our sheeting 1 1/2 yards wide, suitable for the three-quarter bed. It is closely woven from soft cotton yarns and is fully bleached. Per yard**35c**

UNBLEACHED SHEETING is here in all the regular widths, and you can choose from the plain or the twilled weaves. It will soon bleach and is a very serviceable quality.

7-4 wide, in the plain weave, at, per yard**30c**
3-4, plain or twilled, 30c and**35c**
9-4**40c**
10-4**45c**

FLANNELETTE SHEETING is what is wanted now, and you have your choice from some of the best weavers that we have ever handled. Either the white or the grey are to be had. In the 66 inch width the price is 50c and the 72 inch comes at**60c**

COTTONS, CAMBRICS AND LONGCLOTHS. We are in a position to give you some splendid values in these lines. Both the medium and the finer weaves are to be had and the prices are what you will term reasonable.

36-inch cambric, at, per yard, 25c, 20c and**15c**
36-inch longcloth, at, per yard, 20c and**15c**
36-inch white cotton, at, per yard, 15c, 12c and**10c**

Teacher Training.—The Victoria Sunday School Graded Union will meet as usual in the James Bay Methodist church, Tuesday evening at 8 o'clock.

Yorkshire Society.—The Yorkshire Society will hold its annual general meeting on Friday next at 8 p. m. at 522 Bastion Square. The election of officers will be held and other important business will be transacted. A large attendance is expected.

Engineers' Officers.—At the annual meeting of the Victoria branch of the British Columbia Association of Stationary Engineers, held in the organization's rooms, Finch block, Yates street, the following officers for the ensuing year were elected: J. Smith, president; E. P. Sarwood, vice-president; A. M. Atken, secretary; Robert Lowe, treasurer; J. Pant, conductor; P. Rogers, door guard.

Sands & Fulton, Ltd., funeral directors, 1615 Quadra street. Phone 3304.

Try Our Molasses, Peppermints.—They are different from any other you have ever had. We make them every day. Pure and fine for children. We also make all our own chocolates and know how to make them. Try them and find out for yourself. Nothing better in America. Our Mazapan Pan Bon-Bons and Scotch Kisses are delicious. Rochon's, corner View and Blanchard.

Social Dance.—Victoria Hive No. 1, Ladies of the Macabees, are arranging for a dance on Thursday evening, January 23, at Foresters' hall, Broad street. Members and friends are expected to attend.

Revival Services.—Special revival services are being held every night this week in the Gospel hall, 807 Cormorant street, near Blanchard avenue. C. W. Dovey and his wife are the evangelists.

Auxiliary to Missions.—St. John's branch of the Women's Auxiliary to Missions will hold its regular meeting in the guild room, St. John's hall, Herald street, on Tuesday afternoon at 2.30 o'clock. A full attendance is looked for.

Skating Yesterday.—A large number of persons took advantage of the frost to enjoy the pleasures of skating yesterday. The ornamental waters at Beacon Hill park were frequented, and the disconsolate swans found themselves restricted to a small pool. To avoid accidents on the thin ice at the stone bridge, areas had been roped off where skating was forbidden.

Ladies of the Macabees.—Victoria Hive No. 1 will hold a social and dance in the Foresters' hall, Broad street, on Thursday evening next at 8.30. Members are kindly asked to assist in providing refreshments for the supper. Good music has been provided for and a good time is assured for those who intend being present. Officers of the society are requested to be present at 7.30, in order to take part in the usual business meeting which will precede the dance.

Circus at Y. M. C. A.—Bunkun Brothers' Circus will give two performances at the Y. M. C. A. in the near future. Usual features that go with a circus will be included and there will also be some things not seen yet at any circus. There will be in addition to the big show a series of side shows and the management is searching the countryside for freaks. Already a "A Bearded Lady," a "Human Skeleton," a "Snake Charmer" and a famous "Exhibition of Art" have been engaged. The "Gold Dust Twins" and "Mutt and Jeff" have been specially engaged.

Fifth Regiment Band.—The concert given yesterday afternoon at the Empress theatre by the Fifth Regiment band provided some very interesting numbers. As usual the theatre was crowded with people, who received the numbers with enthusiasm. Madam Philo, who sang Ardit's "Il Bacio" was accorded an encore, singing "Charity" with great expression to the accompaniment of the band. She also accompanied Prof. Philo in his violin solo, "Pagliacci," which was encored by the audience, while Miss Viola Philo, a small girl scarcely 10 years of age, gave a very artistic rendering of Gounard's "Sing, Smile, Slumber," which promises well for the vocal abilities of this young singer. She also was encored, the band receiving much merited applause for the Grand Fantasia, "Home Sweet Home" which it gave immediately afterwards. Musical Cello's bassoon selection, "The Tearing of the Green," was cleverly rendered, the farcical elements being emphasized without being overdone, and the bassoonist being called back to repeat the work. Other features of the programme were very much enjoyed, and the concert in its entirety was very successful.

JAN. 20

A COMFORTING THOUGHT.

When on some wintry day I'm caught
Twixt Arctic blasts and chill ex-
hausting
I take much comfort from the thought
That cake is sweeter for the frosting.

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, January 20, 1888.

Sir Charles Tupper says that there is no party in Canada in favor of annexation to the United States; there may be a few individuals here and there, but no one has ever been elected to the House of Commons with that opinion.

Mr. A. D. McDonald, of the construction firm of Messrs. McDonald & McRae, who spent his holidays with his friends at the Twin Oak farm, in the neighborhood of Victoria, will shortly leave for his native county, Glangarry.

An Indian has been brought down from Comox, and is lodged in the provincial jail charged with complicity in the murder of Miller and Dring. He will assist in giving what evidence he can, having been with Quamlet at the time. Quamlet was acquitted at the Nanaimo assize, but was immediately rearrested.

Mr. George Jones has opened out the Cowichan hotel at McPherson's station, on the Esquimalt & Nanaimo Railway.

Will Not Help Vancouver Suburbs.—Attorney-General Bowser has announced that he will recommend no legislation this session to validate the tax sales of South and North Vancouver and that until every means at law of adjusting the difficulty is exhausted he will never lend any assistance.

OLD SCHOOL BOYS DINE.

Former English and Scotch Pupils Held Pleasant Event—Enjoyable Programme.

Some 60 old public school boys of England and Scotland dined together on Saturday under the presidency of Capt. Clive Phillips-Wolley at the Empress hotel. There were many good speeches and Mr. Steadman and Colonel Hobday delighted the diners with their music, as did Colonel Wadmore with his fine recitation. Much gratitude was expressed to the secretary, Mr. A. R. Sherwood for successfully engineering the reunion.

FITZMAURICE ARRESTED AGAIN.

Went to Duncan and Was Charged With Running Lottery.

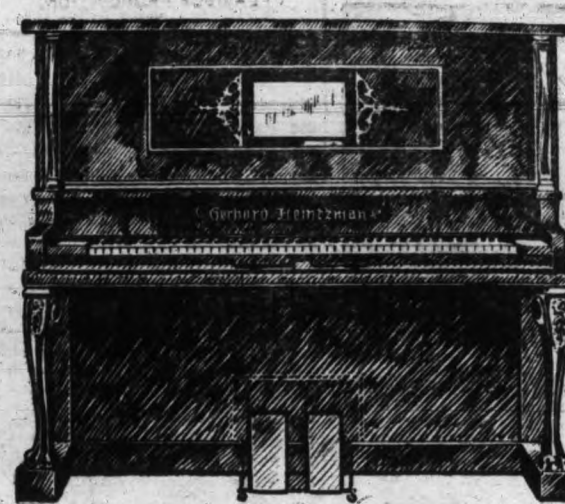

Immediately after J. L. Fitzmaurice was released by the Victoria police, subsequent to his acquittal on a charge of attempting to obtain money by false pretences, a message was received from the police at Duncan asking for his detention on a charge of running a lottery. Fitzmaurice could not be found but it was learned that by a strange coincidence he had taken the train for Duncan immediately after the trial was over and the police of Duncan arrested him on his arrival.

PLANS OF NEW DRILL HALL.

Local Officers Find Plans Made at Ottawa Are Not Satisfactory.

Local militia officers having seen the plans sent from Ottawa for the new \$100,000 drill hall, are dissatisfied with it and have submitted to the department of militia and defence an alternative sketch, which more practically embodies the latest features of army construction, and which is better suited to the peculiar needs of Victoria militiamen.

The plan as submitted by the Dominion authorities is the usual stereotyped building, which is neither attractive nor very satisfactory. Consideration of the amended plan will be given it at an early date, but there will probably be a pronounced delay before construction of the new building may be looked for.

The Premier Instrument and the Newest Rolls

There's a combination that will make life seem brighter and better for anybody who isn't a chronic grouch or a confirmed pessimist.

The Gerhard Heintzman Player-Piano

Took the lead years ago in the use of the entire 88-note keyboard, at a time when other pianos were being turned out with restricted playing facilities by makers who claimed that the whole keyboard was not necessary. The men who made the GERHARD HEINTZMAN PLAYER-PIANO insisted that as the 88 notes were on the keyboard they were there to be played, and that any player-piano that did not use them all could not render every composition completely.

The justification of this attitude came later, when almost all other leading makers of player-pianos followed the course of the makers of the GERHARD HEINTZMAN PLAYER-PIANO, CANADA'S BEST.

SELECTIONS FOR 88-NOTE PLAYERS FROM BEST STOCK IN VICTORIA

You who already know the joys of a good player-piano will be interested in the new arrivals in 88-note rolls, WHICH MAY BE PLAYED ON ANY 88-NOTE PLAYER INSTRUMENT. We always have the best and most complete stock of player rolls in the city at standard prices. Come in and try some of the new ones. They include:

Shipping News from Day to Day

TEMPERATURE COLD BUT WEATHER FINE

Prince Rupert Arrives in Port After Splendid Trip—Few Passengers Go North

Splendid weather was encountered during both the northbound and southbound trips of the C. P. P. steamer Prince Rupert, Capt. Barney Johnson, which came into port yesterday morning from Prince Rupert. After a long spell of terrific southeast and southwest storms the northerly winds of the past fortnight have caused a lull in the weather. The officers of the Prince Rupert report that the temperature was rather low during the trip, but that no snow or heavy winds were encountered. The sea in both Queen Charlotte and Milne Bays was practically as smooth as glass. The big northern steamer brought south 80 salmon and 62 storage passengers. Among those who made the trip were: L. Crippen, the bonnie herring expert, of Prince Rupert, who is here on a business trip, and A. E. McMaster, general agent of the G. T. R. at Prince Rupert, who came south to attend a general meeting of the passenger and freight agents of that company, which is to be held in Vancouver. Chas. F. Earle, local passenger agent, and Jas. McArthur, dock and freight agent here, went over to Vancouver on the Rupert this morning. Passenger travel north at the present time is rather light and it is likely to remain so until the beginning of the spring, when a great rush to Prince Rupert, Granby Bay, Hazelton and the Queen Charlotte Islands is expected. The development of the Northland is each year calling more men. All the steamship companies are now overhauling their vessels so as to be well prepared to handle the great amount of business. The Prince Rupert had a rather light list of passengers when she sailed north this morning, the following joining the vessel at this port: Miss Nellie Sinclair, Mrs. A. Bailey, W. J. Elmer, and W. Beck. The G. T. P. steamer was deeply laden owing to the large amount of cargo which she had aboard. She loaded a great deal of merchandise at Seattle and took on about 80 tons here this morning.

LOG OF ROSECRANS FOUND; MAY TELL OF SEA TRAGEDY

Portland, Ore., Jan. 20.—More light may be thrown on how the tank steamship Rosecrans went to her doom near the entrance to the Columbia, as her logbook was recovered on Saturday, having been picked up by Capt. W. H. Patterson, pilot for the Associated Oil Company. No mention was made by the finder as to the condition of the book. If it has not undergone too rough usage from wind and wave it may contain much valuable information for those who will conduct an official inquiry into the wreck. Every day since the disaster the life-saving crew have been patrolling the beach in search of bodies, but no others than those sent to San Francisco last week have been recovered. The Rosecrans is gradually burying herself in the sand of Beachrock spit. Observer Kellier reported that the only mast standing does not extend above the surface more than 20 feet.

Charmar	Jan. 27

For the contemplated new steamship service between Rotterdam and San Francisco, to be started by the Nederlandsche Amerikaansche Stoomvaart Maatschappij after the opening of the Panama canal, three 10,000-ton steamers have been ordered—two at West Hartlepool and one at a Scotch yard. They are all to be delivered in the second half of this year.

GREATEST RATE WARS ON ATLANTIC

New York, Jan. 20.—A special Berlin cable to the "American," says: "A rate war eclipsing all former ones may be declared between the north and south trans-Atlantic steamship companies in consequence of the immigrant line concession given by Austria to the Canadian Pacific, to be operated in competition with the Austrian-American line out of Trieste. The scheme of the C. P. R. is to throw every month 20,000 Austrians, Servians, Turks and Montenegrins into America via Montreal thence by rail to Toronto and to the West, as soon as the Balkan situation is cleared."

NO MESSAGE COMES FROM THE CYCLOPS

BLUE FUNNEL LINER DUE HERE, FAILS TO REPORT

Ship is Bringing in an Immense Cargo for Victoria—Crafts- man Also Unreported

It was expected that wireless communication would have been established to-day with the Blue Funnel liner Cyclops, which is due to arrive here tomorrow, but up till late this afternoon none of the coast stations could get in touch with her. The wireless system installed on the liner vessels is not powerful, and the radius under ordinary conditions does not exceed 200 miles. Shipping men here do not expect to hear from any of the inbound Blue Funnel liners until they are about 24 hours' standing, from Victoria.

The Cyclops was four days late in leaving Yokohama, and consequently is behind her schedule making this port. It was expected that she would be along first thing to-morrow morning, but with no wireless message from her master it is impossible to figure just when she will reach here. The big steamship has a number of Oriental cargo for Victoria, and after 122 have been unloaded she will proceed to Tacoma to unload a valuable shipment of silk. Late in the week she will return to Victoria and will remain here for some days putting off 3,000 tons of general freight from the Old Country and the Orient.

No Word of the Craftsman. R. P. Rithet & Company, agents for the Harrison line, have not been advised as yet as to the sailing of the Craftsman from San Francisco for Victoria. There was a report that she cleared last Saturday, but the agents were not apprised of the fact. She had about 1,500 tons of freight for this port. To-morrow, about noon, the Osaka Shosen Kaisha liner Canada Maru will clear outwards for the Orient. She is taking a full cargo of freight and will have a number of steerage passengers. On Wednesday the R. M. S. Monteleone, of the Blue Funnel fleet, will sail. The Monteleone is now loading at Vancouver, and will take out to the Orient a huge shipment of salt herbage and several thousand tons of wheat and flour. The Marama goes to the Antipodes with a full cargo and several hundred passengers, while the Bellerophon is taking to the United Kingdom 12,000 tons of Canadian and American merchandise.

SENATORS HAVE GRAND CHANCE TO WIN ON TERMINAL CITY ICE

Vancouver is Not Going at Top Speed, While Locals are in Best Form of the Year—Gardner and Oatman Again to Handle Clash Between Pace Makers in P. C. H. A.

Victoria's chances of winning the Pacific Coast hockey championship practically rest upon the ability of the Senators to score a victory on foreign ice. At home, the Capital City septette are practically unbeatable, so that it is away from their own camp that the locals must pull out a victory, if they are to capture the Paterson trophy. To-morrow night the Senators have a golden opportunity of getting away with a win over the Vancouver Millionaires, and it is this win that Lester Patrick's ice dogs are going after. It is a chance of the season to cop a game in the Terminal City, and the Senators intend to make the most of their opportunity.

A Greatly Improved Team.
Doping out Friday night's game you must concede that Victoria deserves to win by a much larger margin than

the registered score. Allan Parr played a phenomenal game in the nets for the Terminals, while Vancouver's second goal was decidedly lucky. The return to form of Victoria's forward line means the strengthening of the locals by at least 20 per cent. The defence also showing improvement. Bobby Rowe and Walter Small were the best wings on the Coast on Friday night's exhibition, and this pair can be depended upon to play consistent hockey all through. The switch of Skinner Poulin from right wing to rover, completed the best balanced attack on the Coast, one that combines speed with ability to check back and break up the invading rushes.

Gardner and Oatman.
Jimmie Gardner and Ed. Oatman will again officiate, and from the manner in which this pair handled the last match, there is no possible chance of a complaint. Lester Patrick will hold Bob Genge and Jack Ulrich in readiness should the game go against Victoria, but the locals will take the ice with exactly the same team that defeated the Millionaires last Friday night.

To Open Royal's Arena.
Victoria will open the New Westminster Arena on Friday night, and play the Royals at the Willows ice palace a week from that date. Tickets for this encounter will go on sale on Monday.

RUGBY FEATURE NEXT SATURDAY

Victoria Fifteen Handicapped by Lack of Practice for McKechnie Cup Contest

Lack of practice will tell against Victoria's Rugby representatives in the McKechnie Cup struggle, which is to take place at Oak Bay on Saturday afternoon. Because of the firmness of the soil at Oak Bay on Saturday, the

Rugby union officials refused to allow the practice match which was to have been played between the picked teams for the purpose of selecting a team to meet Vancouver. A meeting of union officials will be held to-night when the teams, both senior and intermediate will be chosen.

Practice hours have been arranged at the J. B. A. A. on Tuesday and Thursday nights for indoor practice. Runs will be held from the same club house for the purpose of conditioning the locals.

A CASE OF SOUR GRAPES

Chubby Charles Says Chance Will Not Make Good as a Bench Manager—Looks for Great Batting Team

Chicago, Jan. 20.—"Frank Chance was successful as playing manager; I am not prepared to say that he will prove a wizard as a bench manager," says Charles W. Murphy, president of the National League Baseball Club, of Chicago, in a signed statement made public here.

Continuing, Murphy declares that the popularity of a manager or owner does not figure in the success of a club; it is a winning aggregation that counts with followers of the game. The local owner intimates that his club has been reorganized because some of the players were going stale with age.

"The passing of Chance, Tinker,

Brown, Hoffman, Steinfield, Overall, Kling and Lundgren from the West side is not pleasant for me to contemplate," said Murphy. Murphy says that baseball clubs want fewer superintendents criticizing from the bench, and more enthusiastic thinking players. He alludes to Chance when he says that the time to remove a player is before a game has been thrown away, and not after the game is over and lost.

Praise For McGraw.
McGraw, he said, saved many a game by his quick wit in removing a weakening pitcher at the right moment. "My enthusiasm, however," continues Murphy, "is pretty much confined to those men who can play the game, and not to those who wish to draw pay for telling others how to do it." Murphy says that his 1913 club is good for a batting average of .300, barring only the pitchers, and expresses the opinion that the lovers of the game, who are not deploring the loss of old favorites, will be the first to cheer the rejuvenated organization.

AMERICA CUP CHALLENGE

New York, Jan. 20.—There is now a very good prospect of a race for the America cup in 1914, according to members of the New York Yacht Club. While the club has taken no official notice of the gossip that has become current since the arrival in America of Mr. Charles C. Allom, a British yachtman, who is said to represent a syndicate of his countrymen who are anxious to challenge, it was said the situation had reached a point where it seems probable that a race can be arranged under conditions acceptable to both challenging and defending club.

BIG CURLING BONSPIEL

St. Paul, Minn., Jan. 20.—The twentieth annual bonspiel of the North-western Curling Association opened

here to-day, Winnipeg, Butte, Mont. Minneapolis and St. Paul, Minn., being among the cities represented.

SCHOOL LEAGUE HOCKEY.

On Saturday afternoon at the Arena the South Park and Central schools met in a game of hockey, the result being a win for the former by the score of 7 goals to nil.

TIED SCORE IN LAST MINUTE OF THE GAME

Wards and Thistles Each Made Two Goals—Each Team Had Lead Part of Time

After pressing their opponents' goal during almost the whole of the scoreless first half and after notching the first point, the Wards were compelled to make a ten-man rush on the Thistles' goal in the last instant of play to turn the match from a defeat into a draw. With the whole two teams gathered in front of the posts Gillespie was rushed off his feet by the desperate Wards and Tunnycliffe jammed the ball through.

Wards' first goal was scored in a somewhat similar manner when Gillespie was rushed while relieving after a shot from a scramble and the ball was knocked out of his hands against the net.

Thistles were enabled to score their first point by scientifically drawing the goalkeeper out after a ball, travelling sideways in front of him, and then drawing it in against the unguarded net. The Thistle's other goal was scored by a fine piece of combination, which broke up the Ward's defence, and permitted Kerr to shoot dead on from centre field.

The game was fast and scientific throughout, and both teams were supported by hordes of enthusiastic spectators. W. Wilson was referee.

The teams: Thistles—Goal, Gillespie; backs, Sherriff and McEwan; halves, Patterson, Dickie and Niven; forwards, Sharp, Caskie, Kerr, McLaughlin and Sinclair.

North Wards—Goal, Baynes; backs, E. Taylor and H. Ord; halves, Brown, J. Ord and Tunnycliffe; forwards, J. Dakers, Lane, Peden, McGregor and McInnes.

OUT FOR GOOD

KITTY BRASHEAR

Los Angeles, Cal., Jan. 20.—Norman "Kitty" Brashear, for years prominent as a Coast League player and North-western League manager, has announced his retirement from baseball. He will devote his attention to business. He was with the Vernon Coast Leaguers last year.

SATURDAY'S SOCCER.

North Wards, 2; Thistles, 2.
Sons of England, 2; J. B. A., 2.
Victoria Wests, 2; Garrison, 0.

League Standing.

	W.	L.	D.	Pts.
North Wards	1	0	1	3
Sons of England	1	0	1	3
Thistles	1	0	1	3
Victoria Wests	1	1	0	2
J. B. A.	0	1	1	1
Garrison	0	2	0	0

PITHY PIGSKIN PARAGRAPHS

Wests have struck their stride.
Five teams have scored a brace of goals each.

Bays were a big surprise against the Sons of England.

Garrison have yet to score a victory, their forwards are a very poor scoring division.

Wards, S. O. E. and Thistles are all tied for the top honors.

Sam Lorimer's proteges may yet be heard from. They played well against the Sons of England.

Frozen fields were presented on Saturday; it made the play fast, but caused numerous bruises.

Robertson again showed his class when he held the Garrison to a shut-out. He looks as good as ever.

Wards were lucky to tie the Thistles, their second goal being tallied a few seconds before the expiration of full time.

Bromley, the Garrison's net guardian, made a big hit on Saturday because of his clever saving against the Wests.

Sons of England miss Sam Green-haigh in their attacks, the veteran being a great pivot to direct the goal-scoring movements.

Wests displayed grand combination, but grand work by the Garrison defence kept down the score.

There was no scoring in the first half of the Thistle-Ward feature, all four goals being tallied in the final period.

Wards and Wests will provide a grand battle when they meet, intense rivalry for years marking the meeting of these clubs on any athletic field.

McDonald and Youson did the scoring for the Wests, Stevens being the pick of the Garrison forwards.

Sons of England forwards did not display the same "pep" as in their game against the Wests. They missed several splendid chances to score.

Taylor and Ord, of the Wards, continue to play grand soccer for the blue and white eleven.

Garrison picked up towards the close of their match with the Wests, but their shooting was weak. When they improve this department of their team, they will be worth watching.

Wards have one of the fastest forward divisions in the league; it was this feature that saved the day against the Thistles. McGregor and Dakers were the pick.

After the Empire team's good showing in their first match, they are thinking of making an application to enter the second division of the Island League.

The Empires would like to arrange a friendly match with the Empress soccer team for next Saturday, at North Ward Park at 2:30 o'clock.

Y. M. C. A. had two of their old club-mates playing against them on Saturday, in Alcock and Lally, on the right wing for the Empires.

The Empire soccer team beat the Y. M. C. A. in an interesting soccer game at Beacon Hill on Saturday afternoon by a score of 4 to 2. The scorers for the Empire team were Lally, Collin, Williams and Donald; for the Y. M. C. A., Erickson and Thrupp. The teams were: Empire—Martin; Pynn and Donald; Nash, Williams and Collin; Alcock, Lally, Cook, Davis and Cummings. Y. M. C. A.—Hewitt; Warnick, Mennie and Menzies; Peachy, Lynn and Bulmer; Main, Stott, Harris, Thrupp and Erickson.

CANADIENS WENT

FURTHER AHEAD

Shut Out Ottawa—Both Toronto Teams Beaten—Rough Work at Montreal

Results in the N. H. A. see the Canadiens and Quebec firmly established at the top of the league, and it begins to look like a fight to a finish between these two. On February 1, however, the second half of the season starts with the introduction of seven-man hockey and this is expected to make a lot of difference.

Canadiens Blank Ottawa.
Ottawa, Jan. 20.—The Canadiens furnished a surprise when they trimmed the Senators by a score of 6-0. Ottawa was badly demoralized and Geo. Kennedy's speedy Frenchmen skated rings around them. Lalonde and Pitre were the chief scorers, while Laviolette was great on the defence.

Quebec Wins From Tecumseh.
Toronto, Jan. 20.—Quebec did a good night's work when they beat the Tecumseh by a score of 4-2. The score represents the play, although it took the Stanley cup holders some little time to get into their stride and the Indians scored first.

Burlesque Game in Montreal.
Montreal, Jan. 20.—Toronto and the Wanderers played a burlesque game of hockey in a mixture of ice and water, the result of a five-day thaw. The visitors scored in the last minute of play and saved themselves from a shut-out, the Wanderers winning by a score of 4-1. The game ended in a display of temper on both sides that was at times childish in the extreme. President Quinn, of the N. H. A., who was at the game, stated that he would immediately take strong measures to see that unnecessary rough play is eliminated, and announced that several of the worst offenders are in for a surprise in the near future.

MURPHY NOT COMING

J. A. MURPHY

Toronto, Jan. 20.—Jimmy Murphy, president of the National Lacrosse Union, has announced that he will not go to the coast with a view to taking charge of a Victoria team in the Pacific Coast League. Murphy realizes that it will be difficult to gather a team under a commission, as he would be forced to take players from the N. L. U. which does not amount to anything.

Hamilton still have some hockey players. They registered fifty-four names with the O. H. A.

SEE THIS ADVANCE SHOWING OF STEIN-BLOCH SUITS

In two shades of grey—a medium and a dark—a plain grey Oxford and a Cheviot finish—truly two beautiful effects. The model is known as the PARK, has the soft roll lapels and is of a semi-English cut. Will be one of the most widely-worn styles in America this coming season. This suit at \$35 will become one of our widely recognized strong values at once. Come in and see how well you look in this model and either of the two shades.

ICE DOGS IN ROLE OF DIAMOND STARS

Baseballitis is the latest fever that has gathered in the members of Victoria's professional hockey squad. Kunt Lindsay and Silver Progers have applied for jobs with Mike Lynch's hired help, when the Arena closes down. The Cobb of the Coast League, with a story that has Clarke Griffith's lion taming act backed off the pavement. What is more, "Ty" has a witness, which is more than the aggressive manager of the Senators can show to substantiate his story. The blood-thrilling episode happened as below.

This Rat Had Nerve.
Returning to his room one evening, our own Shamus was surprised to see a large rat viewing the prospects of a good meal from a position on the pillow

at the head of the slumber plank, Harry Gould, his room-mate, lay asleep, totally unconscious of the fearful danger that Dunderdale's entrance upon the scene had evoked. Taking in the situation at a glance, Our Hero bawled out a certain Mr. Gould that a move on his part would help matters. Mr. Rat, he of the enlarged nerve, scampered across the bed, trespassing upon Mr. Gould's face in doing so, and boldly stood up on a chair near the bed to defy Terrible Tommy.

Curtains For the Rat.
Now that rat was either a poor hockey fan or he must have forgotten for the moment that "Ty" Dunderdale leads the Coast League in goal scoring. Seizing a baseball that lay handy in a hockey puck would have fitted into this

story nicely, Tommy wound up in a proper big-league style. It would be better to draw the curtains on what happened, but any rat that again faces Shamus, the Coast League leader, especially when the latter is in possession of a baseball, had better wear a mask, for it has been proved by Clarke Griffith and substantiated by Tommy Dunderdale that no rat has a chance when a baseball crashes into its facial features.

Another "Big Rat."
It was some shot, too, a gold watch that lay on the chair being undisturbed. In the matter of control, Dunderdale has an average of 1,000, and Mike Lynch may decide to sign him up in the hopes that he is another Mathewson.

Your Hosiery-- Apparently Insignifi- cant But Really an Important Item of Your Apparel

You should wear high-grade hosiery, not only for appearance's sake, but because it is more economical in the end. Then again, the best hosiery is fashioned to give a perfect fit, which you do not find in the inferior grades.

We carry all standard brands that are noted for quality in pure wool, cashmere, silk, and wool, silk and lisle, and the prices range from 25c per pair upwards.

Men, let us fill your hosiery wants now.

LIVE BITS OF SPORT GOSSIP

Percy LeSueur, the Ottawa captain, says: "The Tecumsehs are a hard team to beat." Sure they are, especially by an outfit like Ottawa had up here.

Macey, of Victoria Harbor, who was wanted by the Tecumseh professionals, played with Midland against Collingwood.

This would have been a tough season in Toronto without the artificial ice plant. And the clubs kick about a little water on the ice.

"Sammy" Lichtenhein, of the Montreal Wanderers, after the game with Toronto, offered to wager \$1,200 to \$500 that his team would beat Tecumsehs in Montreal on January 29th. President Fellingham, of the Tecumsehs, wired the Wanderers, and the bet to Montreal. Each one of the Tecumseh regulars has \$50 down, and the rest was put up by the management. It is now up to "Sammy" to make good.

Marty O'Toole, recently married to a Massachusetts girl, is spending his honeymoon in Bermuda, where a pitcher ought to be able to get in condition, even though he recently wedded.

Armando Marsans is said to be a hold-out. He has written a letter to Manager Joe Tinker of the Reds, couched in sufficient English to make it known that he wants more pay than has been offered.

Jim Baskette, Cleveland pitcher, is recovering from an accident that nearly cost him the loss of an eye. He was shooting fire crackers at his home in Tennessee on Christmas Day when one exploded in his face.

What was once a popular battery in St. Louis has been separated. Owner Hedges of the Browns having "argued" Pitcher Jack Powell, one of the last of the old guards, for Louisville and Catcher Jimmy Stephens for Buffalo.

Eppa Rixey has asked the Philly management to permit him to report late. He wants to finish the school year at the University of Virginia and promises to get in condition by work in the college gymnasium.

Chief Greene, manager of the pitching staff of the Catholic University at Washington for the last three years, has been offered a contract by the Phillies and expects to join the team at the end of the college year in June.

Joe Berger, who threatened to become a hold-out on Manager Callahan, has sent in his signed contract. Having been on the White Sox list before Berger did not think he should have come under the probationary contract restrictions, but was convinced otherwise.

John M. Ward has received a check for \$25,000 from James E. Gaffney for his 250 shares of stock in the Boston Club. Gaffney agreed to make the payment on December 12, but the death of Joseph Carroll, his partner in the club, caused delay in settlement. Ward did not make a bad deal by his buy into Boston, but his brief fling at magnatism was not satisfactory to himself nor any one else, and he is glad he is out.

A Boston newspaper has been trying to trade Phil Carrigan to Cleveland for Harry Lajoie with the idea of playing Larry on first base for the champs, but Tim Murnane, writing in the Boston Globe, thinks Manager Stahl can be depended on to hold down that job himself, with Janvin as understudy. Tim likes Larry, but doesn't fancy a man on the team who has about run his race.

ALLAN CUP TRIP ASSURED

WINNERS OF COAST TITLE

President Mowat Tells of Backing for Local Amateur Champions — Friday Night's Game Will Decide Title of V. A. H. A. — C. E. Thomas to Referee

President John Mowat, of the Victoria Amateur Hockey Association, announced this morning that the winners of the local league, will certainly be sent after the Allan Cup should they defeat the mainland title champs, just as soon as the league closes. He states that Lester Patrick has promised a donation of \$100 to help out in the matter of expenses, with an additional bonus of \$500 should the coast champions bring back the trophy. Games for the coast amateur hockey title will be arranged in a couple of weeks, the Winnipeg Rowing Club being the likely winners of the Vancouver series, they like the Victoria city septette, having an undefeated record to date.

Telephone Team Stronger.

Friday night's match at the Arena between the B. C. Telephone and Victoria city teams will decide the cham-

ampionship. The Telephone supporters claim that with their team strengthened by the addition of a couple of new players that they can win from the Vics. Coach Poulin will announce several changes in the lineup of his club for the big game. The importance of the game has led to the appointment of Charles E. Thomas, manager of the Bank of Montreal, and an old Eastern hockey star, as referee. Tickets for this feature are now on sale. The game will start at 7.30, skating being commenced at 8.30.

"Peg" Amateurs Coming.

A story from Winnipeg to the effect that the amateur champions, the Victoria, holders of the Allan Cup, will visit the coast will be heard with interest. Games are planned for Victoria and Vancouver, and arrangements are now under way to bring this famous septette to the capital.

REMARKED ON THE SIDE

Northwestern Schedule Issued.

Though the Bees are still somewhat behind Seattle and Vancouver in the matter of home games, the schedule which Fielder Jones handed out to the press yesterday is a big improvement on any list of games that has yet been handed to the local club. Not only in the matter of an increased stay at home does the Capital City team get a better show, but in other dates as well. The schedule looks like a big money-maker for those behind the team and well. Mike Lynch at the head of affairs, the Bees should be a prominent factor in the 1913 race. Victoria has eight solid weeks of baseball, in addition to which there are four split weeks. This gives 48 games at the Royal Athletic Park, a little over half that Seattle gets. Budgets being allotted 145 games in his piano-box ball park. Because of the fact that Sunday baseball is prohibited in the Capital, the Bees have to give up their week-ends to the clubs across the border. The chief holidays here will be marked by two games in the morning and afternoon. Victoria opens on April 15 at Seattle, the home grounds being opened on April 28, when Vancouver plays here for a solid week.

Closer Race in the Island League.

Contrasted with the one-sided battle for the city soccer title, the interesting struggle which is now in progress for the championship of the Island Soccer League. Three teams are tied for the honor of leading the league, and on Saturday two draw games marked the week-end fixtures, every game being keenly contested. Just at the present the Wards, Sons of England and Thistles are tied for the lead with a victory and a tie game to the credit of each club. Victoria Wests have won and lost a game and are in fourth place, while the James Bay eleven and Garrison clubs bring up the rear. The Bees have lost one game and drew on Saturday against the S. O. E., while the Garrison club were beaten by the Wests. The Island League promises to produce many an exciting game this season, the strength of the teams being surprisingly equal.

Senators Look Favorites To-morrow Night.

Victoria has a grand opportunity to walk off with to-morrow night's game at Vancouver and go farther ahead in the race for the Paterson Cup and coast hockey honors. Just at present the Millionaires are a game behind the locals. A win for the latter to-morrow night will shove Vancouver down the ladder, while the Victoria septette will have the advantage of a victory on foreign ice, a big lead in itself. Also, the Senators play at New Westminster on Friday night and need this game to stay on top of the heap. On the form that Vancouver showed Friday night, the Senators should have little difficulty in beating the Millionaires. Vancouver were lucky to escape a shut-out, while they had absolutely no licence to score three goals on the winners. Condition should be a big factor in the Vancouver game and here again the Victoria septette have the edge, as their unceasing attack on Vancouver's net on Friday night showed. Lester Patrick's braves have two games on the road before they again appear at the Willows Arena, and if the red, white and blue seven can break even, it will take Vancouver and the Royals all next month pulling down that lead.

Edmonton Fans Are Roaring About Postponement.

Naturally, Edmonton fans are a bit peeved that Joe Bayley should ask for a postponement of his bout with Kid Scaler on January 23. Any man that battered his hands against a "skull" like that of Tom Moore's, is deserving of medical attention for a fortnight, and the champion is surely entitled to a little consideration. Scaler's friends immediately set up a sheller that the title-holder was afraid to meet the idol of the Edmonton fans. Morris Condon, however, waves a doctor's certificate and calmly announces that Bayley will not go to Edmonton for at least two weeks. There the matter rests. As far as Scaler's claim to the title, it is impossible even to discern the Edmonton veteran through a telescope. He beat an amateur in Ernie Barrieau and that lets him out. Bayley will beat him good, when they clash in the ring, and a ton of Victoria money will be back of the champion to turn the trick.

UNDEFEATED BOXER WILL BE FEATURE

Al. Davies as Head Liner for J. B. A. A. Tourney on Jan. 30 — Splendid Card Booked

Victoria's only undefeated amateur ring champion will be featured at the coming show of the James Bay A. A. on January 30, when Al. Davies, the Bays' hard hitting youngster, will concede six pounds to Stanley Clements, the present title holder at 115 lbs. This bout will be the head liner of one of the finest athletic cards that Billy Davies has ever been able to offer, and should produce the fastest milling ever seen in the Capital. Both boys are very clever, and their speed, combined with their mixing powers, ensures a pyrotechnic contest.

Gunner Ross will meet the pick of the Vancouver heavies in the second feature, and this also should produce a lot of real excitement. Ross' string of knockouts is growing and the "Sojer" looks to be one of the pugilistic "finds" of the year. Scott McKay, Scott Cropper, Wheeler, Donald McKay and others of the J. B. A. A. will be seen in action, while two wrestling bouts will balance the bill to a nicety. Westminster and Seattle will contribute a boxer each, while Chet McIntyre's V. A. C. squad will complete the opposing list of boxers. Jimmy Hewitt may be brought over from Vancouver to handle the bouts.

Promoter Davies announces that tickets for this tourney will go on sale at the Victoria Theatre on Monday, January 27, the bouts to be held on Thursday night, January 30.

MATTY'S "SPEED" RESULTS IN FINE

Jamaica, N. Y., Jan. 20.—"Christy" Mathewson, New York National League pitcher, was fined ten dollars to-day for using too much speed. It was not his high-salaried arm that got him into trouble, but the automobile presented by admirers last year. A policeman timed him on a Long Island boulevard last evening running 31 miles an hour.

J. B. A. A. WON.

A basketball game was played at Sidney on Saturday, the J. B. A. A. defeating Sidney by a score of 13 to 9, after a very fast, clean and even game. Only two minor fouls were given. The half-time score was 10 to 3. The teams and official were as follows: J. B. A. A.—Falconer, Buckman, Roberts, Stanley, Flett, Sidney—Horth, Norton, E. Munro, W. Munro, Armstrong. Referee, J. Roberts.

McLEAN'S RECORD.

St. Paul, Minn., Jan. 20.—Robert McLean, of Chicago, made a new world record to-night at the opening of the ice carnival of the Western Skating Association, covering 440 yards in 38 1-5 seconds. The carnival will continue four days.

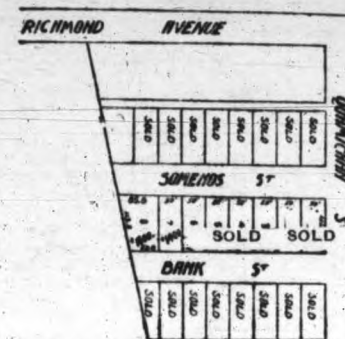

COW PUNCHING FIRST SACKER HAS SIGNED WITH THE BEES

A wild and woolly cow puncher, and an Irishman at that, has been signed by the Bees. This morning Secretary Tom McConnell received the John Hancock of A. B. Conley, first-sacker of the Roundup, Montana club, last year. Conley is a team made of Kibbles, the Portland infielder, who was grabbed by Cleveland last July, and he comes backed by the highest recommendations. President Wattelet is not claiming that in Conley he has landed another Luther McCarty, but he will be a tickled individual if that ball player, packing such a fighting name, delivers in Class B style. Conley is a big fellow, reputed to be a splendid stickler, and he will report with the "rest of the bunch" on March 20.

We Don't Promise a Fortune, But We Do Unhesitatingly Pre- dict a Neat Profit For the In- vestors Lucky Enough to Secure the Two Remaining Unsold Lots in

RICHMOND PARK

City conveniences, local improvements assured, unprecedented building activity, close to street car.

AT \$1400 AND \$1500 respectively these are exceptionally good buys. The district is filling up rapidly with fine homes. There is not the slightest doubt that, with local improvements, Richmond Park will take as prominent a place in the home-seekers' eye as is now occupied by Fairfield and by Hollywood, in both of which values are twice what we quote.

EMPRESS SOCCER.

The Empress eleven played the Fifth Regiment in a friendly game on Saturday at Beacon Hill and proved victors by 3 to 1. The Empress team did most of the pressing in the first half, and led at the interval by 2-0, scored by D. Fletcher and Irwin. The second half was more even, and the soldiers reduced the lead half way through from a scrimmage in front of the Empress' goal. The Empress scored again just before time through Yodie, and well deserved their win. The Empress had a number of enthusiastic supporters. The following team lined up for the Empress: C. Fletcher, E. Falconer, D. Fletcher (capt.), M. Lambert, A. Yodie, E. Dingle, J. Oddy, F. Yodie, A. Fairclough, V. Irwin, B. Kennedy.

ROTHUS WILL MEET BARRIEAU TO-NIGHT

Seattle, Jan. 20.—The Seattle Athletic Club will hold its annual business meeting to-night, after which the members will be treated to a smoker between talent picked from the best of the Blue Diamonds and the Vancouver Athletic Club's ranks. The public will not be admitted. The feature event of the evening will be the bout between Clarence Rothus and Francis Barrieau, the 135-pounder from the Vancouver club. Another good bout promised is between Archie Wyard and Charles Patten. Andy Duval, the S. A. C.'s crack welterweight, will meet Percy Atkinson, of the V. A. C.

FAST TEN MILES.

New York, Jan. 20.—Hannes Kohlenstein, of Finland, the Olympic distance champion, easily won the ten-mile handicap road race at the Millrose Athletic clubhouse, the first and final laps of which were run on a board floor in the Seventy-First Regiment armory. The time was 51:25.

Detroit has claimed Shortstop Harry Shanley from the St. Louis Browns on waivers. With Bobby Wallace and Dee Walsh, the Browns have no need of other short field candidates.

PICTURESQUE WEDDING CUSTOM TAKES PLACE

Grecian Marriage Celebrated
—Groom Well Known Business Man in Victoria

An unusually picturesque and interesting wedding took place last evening at Richmond hall, Government street, when Gus Mariniak, proprietor of the Empire restaurant, and a prominent member of the Greek community of this city, was married to Miss P. Mathews, also of this city. The ceremony was performed by Father Macaronis, of Seattle, and was carried out in a manner similar to that used in Greece to-day. Before the ceremony a large concourse of people assembled in the hall, which had been beautifully decorated with evergreens, lilies, chrysanthemums and narcissus. A magnificent orchestra played soft strains of music during the informal which elapsed until the bride and groom appeared. These entered the hall in an informal manner, advancing to the improvised altar, the bride wearing a beautiful gown of white satin with white net tucked up in several places, with orange blossoms. Her veil was worn in a custom similar to that prevalent in our own country, and was of soft white tulle, while her sister, Mrs. Andante, wearing pale blue satin, acted as her attendant.

The bride was preceded by the bridesmaid, an attendant carrying a large tray bearing two wreaths of orange blossoms, tied together with festoons of ribbon. During the ceremony these were placed on the heads of the bride and groom, while the priest went through a formality of placing and replacing the wedding rings, of which there were two, on the fingers of the young couple. This with the actual ceremony occupied nearly half an hour, the best man, M. Dimitry, releasing two doves as the final words of the priest were spoken, and placing them on the heads of the newly-married pair. At a signal the birds fluttered to the ground, when immediately all the friends of the bride and groom flocked round to extend their congratulations and good wishes.

As soon as this part of the ceremony was at an end the music of the Grecian Wedding Dance sounded, and the entire company of guests, headed by the bride and groom, the best man and bridesmaid, and the two little flower girls, marched round the room, finally moving through the door towards the sumptuously-decked supper-table. Here also the Grecian custom had been observed, a whole roasted lamb flanking either end of the table, while characteristically Grecian dishes and wines were handed about. The deluge of rice and candies which rained on the happy pair was followed by liberal toasts to

their happiness, which kept up the feasting until a late hour. This, however, did not end the celebration, for once more the entire party returned to the large hall to participate in the picturesque national dances which were kept up till the early hours of the morning. The guests ranging round the room in an enormous circle, hand linked in hand, to follow the leader's movements in the Kalamo, the Cirtos, and the Kadrilles.

In the midst of this the happy couple left for the midnight boat, en route for the mainland, whence they will make their way to California. Prior to the conclusion of the celebrations—Mr. Larigan, the photographer resident in the building, entertained the company in an informal manner, also taking a flashlight photograph of the group to be presented as a memento to the bride and groom on their return. The supper arrangements, which were very tastefully carried out, were entirely the work of D. Kalers.

CHILCOTIN SHOULD BE GREAT FARM COUNTRY

Prominent Ranch Owner Discussing Future of Northern Section is Optimistic

"Horse breeding in the Chilcotin district, which will be opened up by the Pacific Great Eastern Railway, has proved quite profitable," said Mr. Newton, the owner of the Pony ranch, one of the best of its kind in the interior, to the Times at the Empress hotel this morning. "But cattle raising may be said to be about the principal industry. The country is admirably suited to the development of the cattle trade, but I am afraid that one could hardly pass any opinion on that just yet, as it cannot be said to have been properly experimented in. The soil is good enough, though."

"You see," he continued, "irrigation is comparatively a simple matter, but none of the residents have done much of what you could call intensive farming. We can grow potatoes of a fine quality, but you see the seasons there are rather short. Nevertheless, cattle-raising just now is better than farming for us. Stock most in favor for breeding, and the ones best suited to the climate are the Hereford and Angus. I believe, however, that the Gallopway should prove a success, though there is very little trace of the strain at present. I myself have Highland cattle."

"Since the price of beef has risen," he added, "the cattle business has been profitable. Now we get about sixty dollars a steer, which is about five cents, or a little over, per pound. In Ashcroft I believe they get as high as sixty-five dollars."

Mr. Newton is accompanied by his wife, with whom he leaves for Christchurch, New Zealand, on the R. M. S. Marama on Wednesday afternoon. He expects to remain there for some time and return about the middle of April. So far, he says, the weather in Chilcotin has been rather mild, there having been practically no winter weather until about a week ago.

RETAIL MERCHANTS TO MEET.

Arrangements Being Made for First Convention of Business Men in Vancouver.

A convention of the retail merchants of the province will be held in Vancouver February 24 and 25 for the purpose of discussing matters of interest to wholesalers, jobbers and merchants generally. From February 17 until March 1 the Vancouver Retail Grocers' Association will hold a Pure Food and Industrial Exhibition, and it is intended that the convention will have special opportunities to study at the exhibition the mercantile situation in the province.

Arrangements have been made with the Canadian Pacific Railway and the Great Northern Railway for special reduced rates for merchants attending the convention. It will be the first of its kind ever held in British Columbia and it is anticipated that there will be a majority of the merchants of the province represented.

R. Dickinson, of Vancouver, who has been spending the past few days in the city, leaves to-night for the mainland en route to Spokane.

Corry Wood, representing Alberni in the provincial House, is staying at the Empress. He is an enthusiast on the Canadian highway development.

LOCAL NEWS

Visit the Poultry Show.—Come early and have your meals on the grounds.

Social Service League.—There will be a meeting of the Social Service League at the Unitarian hall this evening. R. P. Barnum has agreed to give an address on "Hypnotism" during the course of the evening. Proceedings will commence at eight o'clock.

Victoria Club.—There will be a general meeting of the members of the Victoria Club, 647 Fort street, this evening at 8 o'clock. Members are requested to be present.

Poultry Show opens Tuesday, 2 p. m. Main hall, Exhibition.

Motor Cyclists Too Speedy.—Residents of the community along Dallas road are objecting to the practice of motor cyclists of speeding down that road at an excessive rate. The cyclists turn into the Dallas road at Niagara street, it is claimed, and speed down the straight stretch to the outer wharf.

Fell Through Ice but Rescued.—While skating on Goodacre lake, Beacon Hill park, about noon Sunday two young men fell through the ice and only the prompt presence of mind of the other people on the ice in placing a ladder and ropes enabled them to escape drowning. Sergeant Harper and Constable Heatley forbade anybody skating there after the accident.

Annual Meeting, St. Paul's.—The annual business meeting of St. Paul's church, Victoria, West, will be held to-morrow evening at 8 o'clock, when reports and financial statements relative to the work of the different departments of the congregation for the past year will be presented, and plans for the work for the ensuing year outlined. After the business matters are disposed of, a social hour will be spent during which the ladies of the church will serve light refreshments.

Burns Concert.—The Burns Anniversary concert which is to take place under the direction of J. G. Brown at the Victoria theatre on Wednesday evening, promises to be one of the concert events of the season, an excellent cast of assistants having promised to take part in the entertainment. This includes, in addition to the fifty-voice choir, Mrs. G. E. Murray, mezzo-soprano; Madame Marie Burnett; Mrs. R. B. Mather, Ben Waddell, Wm. Morrison, Robt. Morrison, Mr. Dobies, Mrs. Lewis Hall, D. Flinchman, and J. G. Brown. The concert is being given under the immediate patronage of the Lieutenant-Governor and Mrs. Patterson.

Carnival at Rink.—On Wednesday evening a fancy dress carnival will be held at the skating rink. Judging will conclude at 9 o'clock, when general skating will be permitted, prior to which time, however, none other than those in costume will be allowed on the ice. During the evening a masquerade hockey match will take place, which promises to prove one of the many amusing features of the proceedings, the members of the teams having promised to lead the grand parade past the judges at 9 o'clock.

Scandinavian Brotherhood.—On Saturday evening in the court rooms building Carl J. Smith, grand president of the order in Seattle, assisted by Gus Parson, grand secretary, and C. Sampson, grand chaplain, instituted the Viking Lodge of the Scandinavian Brotherhood. After the conclusion of the ceremony speeches were made by the visitors from Seattle and the officers and members of the local lodge. The following are officers of the Viking lodge: President, A. Nelson; vice-president, C. Hanson; recording secretary, A. Kristianson; vice-secretary, B. Blomberg; chaplain, C. Peterson; conductor, A. Larsen; treasurer, C. Johnson; inner guard, O. Johannsen; outer guard, O. Landberg; trustees, Theodore Anderson and N. Nelson.

Rowland's Concert Band.—Last evening's concert at the Victoria theatre, under the direction of R. G. Rowland, was no whit less popular than those which have preceded it during the season, the band acquitting itself in its best style and providing a number of very popular selections, among which the Grand International Fantasia, by Rollinson, proved one of the favorites. Suppe's "Poet and Peasant" overture was loudly applauded. Madame Marie Burnett's delightful rendering of Adams' "Sun of My Soul" called for the prolonged applause which followed, the gracious singer giving an encore which was little less beautiful. "Tired Hands" by the same singer was also very well received. H. Scarle, a very clever player of the piccolo, made a great hit with the piccolo, "Caprice," which he gave during the programme, his execution being a revelation of artistic skill and sympathetic interpretation.

JORDAN RIVER POWER PLANT.

Repairs Finished Within Two Weeks—Rush Work on New Plant.

Extensions to the plant of the British Columbia Electric Railway which will involve an expenditure of nearly three hundred thousand dollars, and furnish 12,000 additional horsepower, are now under way. The announcement of this increase in the capacity of the company's plant was made some time since, but it is noteworthy that no time has been lost in the execution of the plans.

Mr. Goward, manager for the company in Victoria, announced this morning that the repairs to the Jordan River plant are being made as rapidly as possible, the company utilizing the half of the units in connection with the Brentwood Bay, Junction with the Store Street plants. It is expected that complete repairs will have been effected at Jordan river within the next ten days.

PREVIOUS PRICES STRICKEN OUT

If you have not yet availed yourself of Gordons Big Sale make a point of calling early this week—the earlier the better. In every department there are worth while chances for discriminating shoppers, and we want all Victoria to benefit by our sale reductions.

NAILED AMERICANS RAISE GREAT HOWL

FISHERMAN OF ACTIVE
HAVE BEGUN TO TALK

Have Pretty Cute Excuse to
Offer for Capture—Condemning British Justice

At last the protests of the captain and men of the seized American fishing schooner Active, now lying at Esquimalt, are beginning to appear in Seattle and Tacoma papers and the condemnation of the Canadian fishing authorities is being passed in the most kind of terms. After every seizure one of the natural sequences is a long story on the part of the local fishery boats in taking fishing vessels that are not inside the limit.

One report says that Captain Angell and his crew will fight the case "to the bitter end." They intend to appeal to

Washington, D. C. "In an effort to get justice at the hands of the Canadians who have confiscated their property," The Newington seized the Active last Monday off Cape Cook for poaching.

Here is what one of the Sound papers gets off:

"After the Newington seized the Active she cruised about for several days with the vessel in tow, her officers being undecided as to whether they had any evidence of poaching against her. It is said to have been admitted by them that the Active was one of the three-mile limit, but the officers of the Newington insisted that some of the fishing gear which they picked up adrift about a mile off shore belonged to the Active and had been lost while the vessel was poaching."

"Capt. Angell denies poaching and denies ownership of the gear."

"The halibut schooner was seized off Cape Cook, Vancouver Island, and after being towed about for several days was finally taken to Victoria."

"The officers of the Newington had a bitter argument among themselves, say the Active's crew, as to what course to pursue. Some of them insisted that they had no evidence of poaching against the vessel, while others declared that the fishing gear found inside the three-mile limit belonged to the halibut fisherman."

It may not sound bad to the Americans, but this statement seems to have a jarring effect upon Canadians. The American fishermen like the looks of the British Columbia fish banks, and everyone knows that they never think

twice of slipping in and poaching. When they are caught, however, they raise an unearthly howl, and condemn British justice. If they poach they must take their medicine. The Canadian government wants to put a stop to poaching and the Americans will suffer if they continue the practice."

After a fair run to Comox and Nanaimo the C. P. R. steamer Chatter, Capt. Brown, came into port yesterday. She is leaving for the East Coast late to-night.

The steamer Princess Mary, Capt. McLeod, of the C. P. R. fleet, reached Vancouver to-day from Skagway and Prince Rupert. She is due in here to-morrow morning.

The leading shipyards of this country are running at full capacity, and therefore are not over anxious for new work except at top prices.

Honor Judge Lampman at the Court House, and the first meeting will be held this evening. Councillor McGregor was not present.

The reeve and councillors of Saanich were sworn in before Andrew Strachan, J. P., this morning at Royal Oak, and will hold the first meeting of the new council on Saturday.

The new reeve and councillors of Esquimalt took the oath of office before a magistrate this morning, and the first meeting of the township council will be held this evening.

POULTRY SHOW OPENED.

Over 1,400 Entries Were on Exhibit This Afternoon—Judges Appointed.

With 1,400 entries in the coops the Provincial Poultry show was opened to the public at 2 o'clock this afternoon. Among the birds shown were many from this island, from the mainland as far as Grand Forks and Revelstoke, and not a few from the United States. Among the last was a fine turkey exhibit from San Juan Island. One of the new features of the show this year is a restaurant, which served a lunch this afternoon as its first meal. The judges selected for the various classes are C. H. Hinds, of Oakland, Cal.; C. Burnett, of Seattle; Thomas Wilkinson, of Nanaimo, and J. S. Terry.

Weak Stomachs

Gain strength on

Grape-Nuts

—a partially pre-digested food that provides easily-absorbed nourishment for body and brain.

Grape-Nuts food is not only a great help for correcting trouble, but also for avoiding it.

If your usual food disagrees, try the change to a simple breakfast of Grape-Nuts and cream for a week or two.

Stomach ease and new vigor should follow.

"There's a Reason"

Canadian Postum Cereal Co., Ltd., Windsor Ont.

Quick Action on a Cold

One of the most important points in treating a cold is to act quickly, at the first sign of trouble, before the cold has a chance to get "settled" anywhere.

The other point of vital importance is to take

NA-DRU-CO Syrup of Linseed, Licorice and Chlorodyne

This safe and reliable household remedy acts very quickly. It relieves the irritation and "stuffed up" feeling in the air passages, loosens the phlegm, promotes expectoration, soothes the tickling which makes you cough, and drives out the cold before it gets troublesome.

But even if the cough or cold has become deep-seated and persistent, Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne will break it up.

In 25c. and 50c. bottles, at your druggist's.

Hugh C. Verral, an irrigation engineer and surveyor of Vernon, who spent the past week in the city, left last evening for the Okanagan. Mr. Verral has the distinction of having covered the new Strathcona Park very thoroughly, and he has some excellent pictures of mountain scenery taken by him when in the north of the Island last summer.

HAIR HEALTH

If You Have Scalp or Hair Trouble, Take Advantage of This Offer.

We could not afford to so strongly endorse Rexall "93" Hair Tonic and continue to sell it as we do, if it did not do all we claim it will. Should our enthusiasm carry us away, and Rexall "93" Hair Tonic not give entire satisfaction to the users, they would lose faith in us and our statements, and in consequence our business prestige would suffer.

We assure you that if your hair is beginning to unnaturally fall out or if you have any scalp trouble, Rexall "93" Hair Tonic is without question the best remedy we know of to eradicate dandruff, stimulate hair growth and prevent premature baldness.

Our faith in Rexall "93" Hair Tonic is so strong that we ask you to try it on our positive guarantee that your money will be cheerfully refunded if it does not do as we claim. Two sizes, 50¢ and \$1.00, sold only at our store.

—The Rexall Store, D. E. Campbell, corner Fort and Douglas streets.

The citadel of decency is self respect.

When all the other guards have been overcome, all other walls broken down, and when the enemy comes in to the very centre of the soul, if therein dwells self-respect, there is yet hope.

Many a woman has been tempted until her principles were swayed, her rules of life shattered, her mind deceived, her judgment corrupted, her desires gone over to the foe, but she has held the fort and guarded her soul's jewel steadfastly because her self-respect could not be shaken.

Nothing is more immoral than to suggest to a young person that he is naturally deficient in goodness. Thanks be! he usually will not believe this. If he did believe it he would lose his last anchor to hold in the storm.

It used to be the fashion to harp upon the utter corruption and original sin of a man, so as to induce him to want to be saved by grace. But the only person who wants to be saved is the one who thinks he is worth saving.

Berating and vilifying human nature is cheap and easy and done with glibness, but little good ever came of it except in the reaction of a righteous indignation. The human being rises only in proportion as he becomes convinced of his intrinsic worth and nobleness.

A WATER LILY NEGLIGEE.

A piece of printed crepe pongee with a water lily design furnished the inspiration for this fanciful kimono. The left front is cut in a straight diagonal line from the shoulder to the lower pointed end, and the right side is caught at the neck and laps over the left under a carefully made satin lily. Low on the right side the points are crossed, the left overlapping with a lily and several buds effectively placed.

The folds which bind the edges are of leaf green satin and at the sides on the sleeves the pongee is fitted a little by several tiny darts just above the satin folds.

The lily buds are weighted, and weights are placed around the lower edge inside the fold.

A QUEEN'S TELEPHONE.

The queen of Spain possesses what is said to be the most remarkable telephone in the world. It is of solid silver with a gold transmitter and is supported by four bronze eagles, among which a boy leaning against a Spanish coat of arms is conversing by telephone—a golden wire—with an English girl in close proximity to a British lion. Above the mouthpiece are two codies. This work of art stands on her majesty's writing table and connects with the royal nursery only.

THE EVENING CHIT-CHAT

By RUTH CAMERON

There are many kinds of happiness in the world.

There is the happiness that comes when "the worldly hope men set their hearts upon prosper." Anyone who knows his Omar can tell what becomes of that kind of happiness.

There is the happiness that comes from giving pleasure to others.

There is the happiness which is the almost inevitable accompaniment of a thoroughly healthy physical condition.

There is the happiness that comes from being admired or envied.

There is that rich sense of satisfaction that springs from knowing one is well dressed.

And then—and it seems to me there is nothing in the world that can quite compare with this—there is the happiness that comes from approving of one's self.

Two courses of action were open to a friend of mine. She could seize a wonderful opportunity for foreign travel, thereby fulfilling the dearest wish of her life, or she could stay at home with the old folks to whom her absence would be a tragedy.

She had a very good reason for taking the first course of action besides her own pleasure. The opportunities of foreign travel were just what she needed to advance her in her profession. Many girls would have justified any qualms they had by this fact. She didn't. She recognized the greater opportunity and stayed at home.

We were talking about the matter one day, and when I tried to praise her she said whimsically, "You mustn't praise me. I was really selfish. You see, I knew that if I went I couldn't approve of myself. And that would make me unhappy. And I didn't want to be unhappy so I stayed at home."

Of course she deserved praise, and yet after all I fancy she was right and that she got the most pleasure that way.

Unless you have been able to stifle your sense of duty into insensibility, there is no misery like that of not being able to approve of yourself.

To me the most impressive passage in Du Maurier's Trilby is that in which Trilby tells about the only time she really did wrong—when she failed to take her little brother on a holiday trip she had promised him, and went off with a coaching party, leaving him crying at home. The misery she felt all that day is described with such a poignant simplicity that it brings to mind the days when we have failed of our obligations and were miserable because we could not approve of ourselves.

It is pleasant to have others approve of us but that pleasure isn't comparable to the serene and satisfying happiness of being able to approve of one's self.

Ruth Cameron

IDEAS OF A PLAIN MAN

By DR. FRANK CRANE.

The citadel of decency is self respect.

When all the other guards have been overcome, all other walls broken down, and when the enemy comes in to the very centre of the soul, if therein dwells self-respect, there is yet hope.

Many a woman has been tempted until her principles were swayed, her rules of life shattered, her mind deceived, her judgment corrupted, her desires gone over to the foe, but she has held the fort and guarded her soul's jewel steadfastly because her self-respect could not be shaken.

Nothing is more immoral than to suggest to a young person that he is naturally deficient in goodness. Thanks be! he usually will not believe this. If he did believe it he would lose his last anchor to hold in the storm.

It used to be the fashion to harp upon the utter corruption and original sin of a man, so as to induce him to want to be saved by grace. But the only person who wants to be saved is the one who thinks he is worth saving.

Berating and vilifying human nature is cheap and easy and done with glibness, but little good ever came of it except in the reaction of a righteous indignation. The human being rises only in proportion as he becomes convinced of his intrinsic worth and nobleness.

A WATER LILY NEGLIGEE.

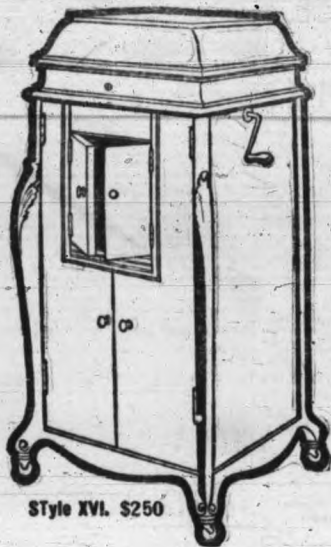

A piece of printed crepe pongee with a water lily design furnished the inspiration for this fanciful kimono. The left front is cut in a straight diagonal line from the shoulder to the lower pointed end, and the right side is caught at the neck and laps over the left under a carefully made satin lily. Low on the right side the points are crossed, the left overlapping with a lily and several buds effectively placed.

The folds which bind the edges are of leaf green satin and at the sides on the sleeves the pongee is fitted a little by several tiny darts just above the satin folds.

The lily buds are weighted, and weights are placed around the lower edge inside the fold.

SAUNDERS ELECTED

REEVE OF ESQUIMALT

VOTERS' LEAGUE CAST BIG INFLUENCE ON DAY

Opposition Candidates for Ward I. Council Seats Were Successful Also

John R. Saunders was elected reeve of Esquimalt by a majority of 21 in 314 votes cast Saturday. C. H. Lugin, the reeve for last year, was the defeated candidate.

In Ward One, the only ward where there was an election, the administration candidate, J. T. L. Meyer, was defeated also, although the councillors from the other two wards and the school trustees were re-elected by acclamation. J. S. McAdam and J. F. Mesher, the candidates in Ward One, endorsed by the newly organized Voters' League, were elected by large majorities. The vote for reeve and the vote in Ward One, as indicated by the sentiments expressed in the campaign, was one of want of confidence in the present administration. Councillor McAdam announced that if he was re-elected he would see that he had an active part in the doings of the council, so much may be expected in the way of excitement at the council meetings this year with a reeve and two councillors pledged to support the Voters' League platform, and four councillors who backed Mr. Lugin last year sitting at the same table.

The vote was small, little over a third of the registered voters coming to the polls, but that was mainly because so

BERNHARDT IN ONE OF HER GREAT ROLES

THEATRE AGAIN CROWDED TO SEE HER 'MARGUERITE'

After Short Visit Victorians Bid Farewell to Great Tragedienne

Owing to the non-arrival of the necessary trunks, Madame Bernhardt was unable to appear in "Phedre" on Saturday evening, as originally intended, and had to appear instead in "La Dame aux Camélias" for the second time during the day. The theatre, as for every performance given by the great actress during her too brief stay in the city, was crowded with admirers, who patiently sat through the vaudeville performance for the sake of seeing one act of the play which has been immortalized through her genius.

There is nothing comparable to the realism of Bernhardt's acting saving realism itself, and in the role of the dying Marguerite, the one-time fashionable courtesan who has suffered so terribly for her lover's sake and has nobly renounced him when the family stability of her marriage is at stake, she is pointed out, Bernhardt's admirers, who have followed her through time and place and become to her audience the real Marguerite, young and beautiful, frail and pitiful, gasping her yearnings to see once more her lover Armand before she dies. All the winning graces of gesture and intonation of her voice are there, even when the pain-wracked woman calls to her maid, to her doctor, to Armand's father, and, so finished is her art, one forgets that it is not Marguerite's but Bernhardt's beautiful diction which makes even her broken words of monologue and pleading distinctly audible in every part of the house. One forgets that it is not Marguerite but Bernhardt who rapturously cries out when Armand really comes; that it was not Marguerite who fell swooning in his arms; that it was not Marguerite who died there on his breast. The realism was too perfect; the art so finished that it concealed art.

The curtain rose again and again to show the wonderful actress, bowing her acknowledgments, while two huge baskets of flowers were handed up over the footlights, one containing red and white carnations, typifying the French national colors, the other pink carnations. These were presented by the Woman's Canadian Club, the Ladies' Musical Society, and the Alexandra Club. As a tribute to Bernhardt the Marcelline was played at all her performances, the audience standing up during the music.

LONDON NATION ON MR. BORDEN'S NAVAL PLAN

There is no naval necessity. There cannot be; for if there were, Mr. Churchill would deserve impeachment. What is there? Superfluity? Who dares ask the Canadian taxpayer to help us to more ships than we want, or the British taxpayer to keep them when they are built? But perhaps the necessity is not here, in the Pacific, at which, indeed, the Churchill memorandum plainly hints. But if so, why are these ships to be assigned to the central British fleet, instead of to the waters of the Pacific coast? If there is a real and pressing need of the motherland for added security against the German peril, no detachment of the Canadian ships from the North Sea is possible. And if (as, of course, is the fact) no strain exists on our shipbuilding or our financial resources, Sir Wilfrid Laurier's plan of building a national Canadian navy provides for any future relief which the central power may desire. The financial relief is obviously much greater. As the Borden offer stands we shall, in the ordinary relations of debtor and creditor which exist between the two nations, lend Canada \$7,000,000, for she cannot fairly be expected to meet this "emergency" expense out of new taxation. This sum she expends in three semi-detached Dreadnoughts, which we, again, are to man and maintain. The one cost balances the other, even if the expense of manning does not exceed the interest on our loan. Thus we (at the Admiralty's suggestion) lend Canada money, so that she may lend us ships, which do not really want. The Laurier plan would have relieved us of the embarrassment of this ungracious bookkeeping. Canada would have had her ships instead of lending them to us on a running account, subject to withdrawal and would yet have made a handsome and definite contribution to Imperial defence. It is not necessary to know why, with these advantages clearly in view, the Imperial government, having accepted Sir Wilfrid Laurier's view of Canada's naval responsibilities, should revert to Mr. Borden's less logical and less practical plan.

DIDN'T LIKE TAXES.

Cases against George Washington appear here and there in old documents. No less than three claims were entered against him during the year 1781 to compel him to pay taxes. The humorous clerk, commenting on these actions, remarked, "George Washington, Esq., appeareth not to like taxes."

Try Cuticura Soap and Ointment Free

Although Cuticura Soap and Cuticura Ointment are sold by druggists and dealers everywhere, a full trial of each, with 25-page booklet on the care and treatment of skin and hair, will be sent, post-free, on application to Carter, Burrell & Co., Inc., Boston, U. S. A.

Furniture

What \$10 Will Do

It will furnish a bedroom complete, comprising: Full-sized bed, spring, mattress, 2 blankets, 2 sheets, 2 pillow cases, white bedspread, dressing table with three drawers and bevel plate mirror, chair, floor oilcloth 9x9, 1 pair lace curtains, window shades, curtain pole, two towels. Outfit complete costs \$30. Pay \$10 deposit, the balance as the rent of your room comes in. Your roomer pays for the furniture in three months. Then all the rest is gain. It will help you out on your rent. Many a struggling housewife has taken advantage of this offer, and in many cases it has been her first step to independence.

Maynard's Big Removal Shoe Sale

After thirteen years at our present location we have outgrown our present quarters and have been forced to seek a new location. Fortunately we have secured a new store on Yates street, where we will have plenty of room to accommodate our ever-increasing trade. In the very near future we will open up the most modern Shoe Emporium in British Columbia, where we will continue to give our customers the very best values for the least money. It's cheaper to sell the present stock than to move it, and as there are many lines which we have decided to give the people of Victoria an opportunity of supplying their Shoe wants at ridiculously LOW PRICES—some cases at cost; some are for less than the cost of the raw material.

SALE STARTED TO-DAY AT 9 A. M.

LOT 1

JUDGE SAYS CROWN USED DEAN BADLY

RESERVED JUDGMENT IN HABEAS CORPUS MOTION

The Crown Might Rearrest If
the Application Was
Granted

Because the Crown would be at liberty to rearrest Charles Dean immediately upon his discharge, Mr. Justice Gregory announced this morning that he would reserve judgment in the adjourned habeas corpus application for Dean's release, made in chambers this morning by Adam S. Johnston.

Mr. Johnston argued that the magistrate's commitment of Dean was for trial at the next court of competent jurisdiction and that that court had sat and adjourned without a trial and hence that the warrant of commitment had expired. He maintained that no application for traverse to the next session had been made by the Crown as should have been done, and that no notice had been given the accused that his case would not be gone on with. What had happened was that counsel for the accused had asked the Crown's intention and his lordship had replied that the Crown had the right to traverse if it chose. Application, Mr. Johnston maintained, was not made.

Replying for the Crown, H. A. MacLean, K. C., stated that the warrant of commitment was good until by one course of law the prisoner was discharged, and maintained that the proper time for habeas corpus proceedings was at the assize.

His lordship said that the prisoner was badly used by the Crown inasmuch as he was not notified that the case would not go on, but since the Crown could rearrest, he thought the present proceedings were futile.

Dean is under arrest awaiting trial on a charge of breaking into the New Westminster branch of the Bank of Montreal and stealing \$271,000. His counsel said that in addition to not being tried the prisoner complained that everybody had been forbidden to see him in jail.

"A man should have every opportunity of preparing his defence," said Mr. Justice Gregory.

STOMACH STARVERS EAT ANYTHING NOW

No Indigestion or Upset Stomach for "Pape's Diapensin" Users

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapensin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapensin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. The will all go, and besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapensin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.

PROTEST PETITION HAS BEEN FILED

Ex-Mayor Surrenders Keys to
City Clerk, and Vacates
the Office

The petition against the return of Mayor Morley was lodged this afternoon at 3 o'clock at the court house. It was to have been in earlier, but was not filed in the morning, owing to the necessity of making some amendments which were found desirable.

It is hoped the case will be argued on Wednesday before a Supreme court judge if an opportunity can be found. The ex-mayor wound up his work in the mayor's office to-day, and left a short time before the new mayor and aldermen returned from the court house, where they had been sworn in. His secretary, Mr. Smith, remains pending a decision as to the future of that office, with which is combined the registration of the employment bureau.

BOARD MUST CHOOSE ITS CHAIRMAN AGAIN

Estimates Will Be One of the
Earliest Matters Before
School Trustees

The principal business before the school board on Wednesday will be the appointment of a chairman. Little doubt is expressed that Magistrate George Jay will be re-elected chairman of the board, upon which he has served energetically for twelve years. He has always polled well at elections.

One of the principal subjects which will engage attention at the early meetings of the board will be the estimates for the year. The cost of education in the city schools last year was about \$202,000, but, as from that must be taken some \$55,000, the per capita grant, and added thereto about \$33,000 for interest and sinking fund on loans, the net cost of education was about \$110,000. This represents about two and three-quarters of a mill on the dollar. Even with the increased revenue from a mill rate with the advancing assessment of the city, it is not expected that the educational work can be financed under three mills in the present year.

"A man should have every opportunity of preparing his defence," said Mr. Justice Gregory.

OBITUARY RECORD

The funeral of the late Thomas M. Collier took place on Saturday afternoon at 2.30 from the Victoria Under-takers parlors, under the auspices of the Bookbinders' Union, of which the deceased was a member. Rev. Stanley Ard officiated. There were a great many beautiful floral tributes, one of which was in the form of a pillow, sent by the members of the Bookbinders' Union. The following acted as pallbearers: J. M. Winters, E. Sturgeon, R. T. Williams, H. J. Cowan, I. Thye and G. S. Carr.

The funeral of twenty-one months old Andrew Macdonald, son of Mr. and Mrs. Andrew Macdonald, of Esquimalt road, took place this afternoon at 2

o'clock from the family residence, Rev. Dr. Campbell officiating.

BUILDING PERMITS.

Seventy-two Permits Have Been Taken Out in Twenty Days—New Issues To-day.

The total number of permits issued this year is 72, among those authorized to-day being two for frame houses for J. A. S. Lanks, at the corner of Oscar street and Fairfield road, each costing \$5,000, and one to Harvey and Cullen for a house on Highview street. A permit was also issued to T. F. Salmon for alterations to a house on Chapman street.

There are several large permits pending which may come in at any time, and supplement the figures for the month of January.

CORRECTED DEATH RATE.

Revised Figures Give Total as 7.41 Instead of 6.63 Per Thousand.

The corrected death rate for the city of Victoria should be 7.41, instead of 6.63, as reported by the medical officer of health to the city council last Monday.

There were some deaths which ought to have been included, and which did not reach the health officer till after the statistical information had been prepared. The fall from 1911, however, is marked, the total being nearly one per cent less than that for the previous twelve months.

Finest Poultry Show ever held on Pacific Coast opens Tuesday, Jan. 21-24.

TORONTO METHODISTS

GIFTS TO MISSIONS

Toronto, Jan. 20.—Toronto Methodist churches lead all Canada in giving to missions, according to statistics of the Missionary Society of the Methodist church for the past year. The general recapitulation shows that the net income to the society was \$377,653.31, while the total contribution aggregated exactly \$283,173.44. Of this amount the Toronto Methodist conference churches gave \$128,552.03. The Wesley Methodist church of Vancouver gave \$18,000.

ROYALTY AND THE OPERA.

The Berlin opera costs the Kaiser \$1,000,000 marks a year. He bears the

loss without indulging in any agonized wails. The Austrian emperor is not far behind Kaiser Wilhelm, for he gives more than \$150,000 a year to help cut the opera, besides \$100,000 for the playhouse. The royal subvention for the opera house in Munich is \$30,000 marks; in Dresden, \$40,000. Even the grand duke of Hesse uncomplainingly pays \$10,000 marks annually to keep the theatrical and operatic performances at Darmstadt on a high level.

While the effect of the constant use of liquid powder is often extremely unpleasant it may be used at intervals without fear of injury to the skin. One of the best pearl white liquids is made by combining 3-ounces of clear water with 1-ounce of liquid powder. The bottle must always be shaken well before applying the powder. Be careful not to apply it too generously or it will give the effect of facial enamel.

NAVAL AND MILITARY PROGRAMME ARRANGED

Details of Tournament to Be Held During Great Carnival Week

As arrangements are made for different details in the programme of Carnival Week it becomes more apparent that the committee in charge of arrangements is determined to leave no stone unturned to ensure the complete success of the novelty in public amusement. The naval and military tournament is the latest feature announced, the committee in charge of this, though originally determined to hold the tourney as a separate event, having agreed to let the events become part of the general programme; though it will still be a separate event, inasmuch as it is annual, and each year will be held at different points in the province.

After a joint meeting with the carnival committee, the naval and military committee announced the following schedule of sports:

The Programme.
Tuesday afternoon—Riding and jumping, bayonet teams, A. S. C. competition, gymnastic display, tent pegging, naval field gun display, tug-of-war, musical ride, heavy gun display, mounted combats, bridging, combined display of all arms.

Tuesday evening—Tent pitching and turnout, A. S. C. competition, physical drill (cadets), mounted combats, heavy gun display, bayonet teams, musical ride, tug-of-war, lemon cutting, naval field gun display, Balachava mele and torchlight tattoo.

Thursday afternoon—Tilting at the ring, gymnastic display, mounted combats, trooping the colors (cadets), heavy gun display, musical ride, tug-of-war, naval field gun display, bayonet teams, Balachava mele, and torchlight tattoo.

Friday evening—Mounted combats, Boy Scout rally, naval field gun display, tent pegging, heavy gun display, musical ride, tug-of-war, A. S. C. competition, dummy thrusting, physical drill (cadets), and torchlight tattoo.

Saturday afternoon—A. S. C. competition, trooping the colors (cadets), Balachava mele, gymnastic display, massed bands, tent pegging, musical ride, naval gun drill, combined display of all arms, and presentation of prizes. All the foregoing events will take place at the Willows fair ground.

NOTICE TO CORRESPONDENTS.
Letters for publication in Daily Times must be received before 10 a.m. When received after that hour they will go over until next day.

While unobjectionable anonymous communications will be published, the name and address of every writer of such letters must be given to the editor.

STRIKING MINERS' GRIEVANCES.

To the Editor—The point of discrimination in dispute, and that the government refused investigation on, is not the right of a colliery company in the hiring or discharging of an employee; it is a charge of individual discrimination against the chosen men, the miners by provincial act and the underground regulations are compelled to select.

If this and other charges are not true, why has the investigation been refused? If it is, then the department of mines and the mining regulations are not worth the paper or room they occupy on the salary list. The support of the Victoria Times, with further assistance, will make possible the cleaning up of the worst government-brewed Asiatic problem the white British Columbia sentiment has ever been confronted with, and might accomplish the cleaning up of the dirtiest political part of British Columbia, where about two thousand Asiatics are living in the town of Cumberland, which has a total population of twenty-seven hundred all told, and are continually crowding the white wage-earner out by the unfair competition of a handful of rice against a white man's living.

Douglas St.

By far the best buy on this street is the 90 feet on this side of, and immediately adjoining the fire hall, at corner of Burnside Road. It is 150 feet deep and the price, \$30,000, is less than \$350 per foot front.

A. W. Bridgman

1007 Government Street.

not qualify if put before a competent examining board. Is this the part of the investigation that the government is afraid of, or is it the sustaining of an Asiatic population to the extent of two thousand of this class of labor at Cumberland, which should be English-speaking people or possible citizens? Yet again it might be the publicity that the fifty to one hundred Chinese and Japs might create who received certificates last week, when the inspector of mines was at Cumberland during a night meeting. In fact, it might be very interesting to place this last batch of Chinese miners before a public examining board, to see just where the mines department is standing in this matter.

PERCY K. WINCH.
Victoria, B. C., January 18, 1913.

Majestic Theatre.

"Romeo and Juliet." Shakespeare's famous tragedy, played on the actual sites in Italy, in a Pathe film d'art beautifully colored. The characters of the old classic are brought to life again, clothed in their ancient costumes and placed in their old haunts to set new hearts afire with the greatest love story ever told. Two reels of dramatic perfection, photographed with rare excellence in the same scenes and situations in which the author cast their lives. This great feature is heading the new bill commencing Monday. It will be shown for two days only. Other films on the same programme, "Angel Child," a comedy; "Beauty Spots in South Wales," a travesty; "Wood Industry in the French Jura," a scenic; "Just Luck," "Bunny at the Derby."

Empress Theatre.
An exhibition of equilibrium and gymnastics is offered by the Patty brothers at the Empress this week. While in the head to head position these equilibrists play violins, eat, drink and juggle. The concluding trick of Alex Patty in which he jumps down a flight of steps on his head is a remarkable effort. Deland, Carr and company offer a farce, "The Fire Escape." The plot deals with a quarrel between lovers. The Manning twins, a couple of handsome young women, offer an acrobatic dancing, singing and acrobatic act, with a few good contortion tricks added. Miss Lucille Savoy, a dainty operatic soprano and soubrette, introduces an innovation in the shape of original Parisian art posing. The great Westin interests with his portrayal of famous personages.

"A Modern Eve."
Among the most attractive scenes in "A Modern Eve," the latest Berlin musical success, which Mort H. Singer and Martin Beck will offer at the Victoria theatre, this and to-morrow evening, is the beautiful wedding finale of the opening act, in which the principals and chorus appear in exquisite costumes; the alluring "siren" number; the laugh-provoking debate, in which the women assert their superiority over the men, and the satirical divorce scene. The delightful music of "A Modern Eve," written by Victor Hollander and Jean Gilbert, includes "Good-bye Everybody," "Wait, wait, wait," "You Love," "Holla, My Margarita," "You're Such a Lonesome Moon Tonight" and "Hello Sweetheart." The big cast of principals is headed by Adele Rowland, who appears in her original role, Alexander Clark, Ray Raymond, Arline Bolling, Louis Kelso, Harry Dickerson, Henrietta Tedro, Corinne Harrington and John Patton.

WEATHER BULLETIN.
Daily Report Furnished by the Victoria Meteorological Department.

Victoria, Jan. 20—5 a.m.—An important ocean storm area now centred north of Vancouver Island is causing strong southerly gales along the Coast. Snow is reported on the Lower Mainland and sharp frosts have again occurred in Northern California. Intense cold prevails in the prairie provinces, ranging from 39 to 44 below zero.

Forecasts.
For 24 hours ending 5 p.m. Tuesday—Victoria and vicinity—Strong winds or gales from the south and west, unsettled and mild, with rain.

Lower Mainland—Easterly and southerly winds, fresh to high on the Gulf, unsettled, with sleet or rain.

Reports at 5 a.m.
Victoria—Barometer, 30.02; temperature, 21; minimum, 23; wind, 4 miles S.; weather, cloudy.

Vancouver—Barometer, 30.08; temperature, 28; minimum, 22; wind, 3 miles E.; snow, 22; weather, snow.

Kamloops—Barometer, 30.25; temperature, 35; weather, part cloudy.

NO MORE DANDRUFF, FALLING HAIR, SCALP ITCH

Men and women—do you want a splendid head of luxuriant hair free from scalp itch and dandruff? Do you want hair so bewitchingly radiant that it compels the admiration of all who see it? Do you want a scalp as immaculately clean and bright as a newly-minted coin?

Do you want to use a hair dressing that will surely prevent baldness, that actually refreshes and invigorates and makes your entire head feel fine? Then spend 50 cents this very day and get a bottle of **PARISIAN** Sage at any drug store or toilet goods counter. Use it as directed and you will never care to use ordinary tonics again.

No poisonous sugar of lead, no sulphur, no injurious ingredients in **PARISIAN** Sage. D. E. Campbell guarantees it.

A FINE RESIDENCE

of seven rooms is being offered at a sacrifice. The owner being obliged to leave the city, will sell it for practically what it cost a year ago. Facing south in a splendid position in a good locality, with lot 48x150, it is a snap at \$5,250, on very easy terms.

BIRTHDAY CALENDAR

IF THIS IS YOUR BIRTHDAY

Consider how you spend your money, and avoid wasting it. Some danger threatens you, and even a small surplus will be of great value to you.

Those born to-day will be generous and talented, but unreliable; and their training should emphasize the importance of keeping promises and of not giving up a task without making serious efforts to accomplish it.

TO-DAY IN CANADIAN HISTORY

Fourteen years ago to-day, after a long and stormy voyage, the Trans-Atlantic liner Lake Huron steamed into Halifax harbor with what was said to be "the largest number of immigrants (2,073 all told) ever brought at one time to an American port." The new arrivals—a picturesque company of men in sheepskin coats, and women and children with gay skirts and bright-colored shawls about their heads—belonged to that Quaker-like, war-hating Russian sect, the Doukhobors. Originally drawn together in the 18th century "by the conviction that it is unlawful for Christians to shed blood," they had suffered persecution for their resistance to conscription. After a period of comparative laxity, they had been aroused to fresh fervor about 1895, and had endured flogging and imprisonment rather than perform military service. In 1898, however, through an appeal to the Dowager Empress, they had obtained permission to emigrate. Tolstol and others had interested themselves in their case, the famous writer contributing towards expenses a sum of \$17,000 from the sale of his books, and so early in 1899, the first large company of these simple, earnest people greeted our shores with songs of hope and praise, and journeyed westward to build on the prairies their strange community villages, and (sometimes) to perplex the authorities with their strange ways.

Priest Rapids Lands Placed in Easy Reach

**Splendid Tracts
Selling Under a
New Sale Plan**

**Low Prices, Liberal Payments,
and Insurance Feature
Attract**

**CENTRE OF STATE AND
RICHEST GRAPE AREA**

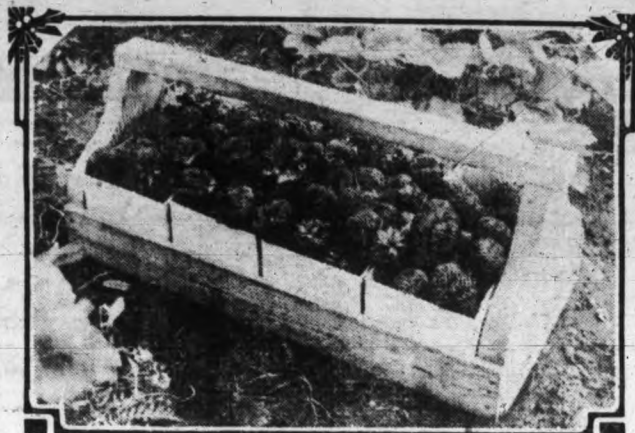

**Only Limited Number of Farms
Available in Subdividing 1200-
Acre Ranch—Land Will Pay
for Itself in Three Years**

The Priest Rapids Ranch Company, owning a limited tract of some of the finest orchard, grape and farming land in the great Columbia River Basin, is offering a remarkably fair and equitable plan whereby the man of moderate resources may purchase a 5, 10, 15 or 20-acre ranch under conditions so favorable that he may be virtually certain of making the land pay for itself in three years, although he has seven years to complete his contract. The Country-Life and Lower-Cost-of-Living movements may best be promoted by practical, economical plans like this, and this newspaper is glad to set forth, briefly, the salient features of the Priest Rapids organization.

(By E. W. Strang.)

Seattle, Jan. 20.—The vale of Priest Rapids is a sheltered garden spot that overlooks the broad sweep of the Columbia River, midway between Spokane and Seattle, and midway between those famous fruit-growing districts of Wenatchee on the north and Kennewick on the south. This places it in almost the exact geographical centre of the state of Washington, on the line of the Chicago, Milwaukee & St. Paul Railway. Here in this splendidly located vale the Priest Rapids Ranch Company is offering cleared and plowed land, under a fine system of irrigation, all adjacent to the railway, and ready to produce bountiful crops this season, on such favorable terms as to command the instant attention of any man of family seeking independence, sunshine and the outdoor life.

Investigation reveals that this is not only the cheapest high-grade irrigated land in the Northwest, but fully 20 per cent, but that the plan of selling

Strawberries are one of the most profitable crops. They can be raised every year between the trees while the orchard is coming into bearing.

adopted by the company is so liberal, straightforward and fair that the man with a few hundred dollars for the first payment may feel certain of making the land pay for itself in three years, although four more years (a total of seven) may elapse before making the first payment. In addition, he will own his perpetual share in the \$50,000 irrigation system serving the entire tract, and a proportionate share in the Priest Rapids Commercial Company, a mutual trading organization that will cut out the middleman in both buying and selling. It is conservatively estimated that this commercial organization will save half the price of the land to purchasers in three years.

Only About 1,200 Acres for Sale

The Priest Rapids tract, which was all one big alfalfa and stock ranch until recently, includes about 1,200 acres outside the reserved townsite, so there is room for only a limited number of, say, ten-acre farms. That is about the average size desired, although the land is divided into 5-acre sections. The soil, of rich volcanic ash, is especially adapted to intensive farming, the raising of alfalfa, high-grade stock, poultry, berries, all sorts of fruit, including apples, peaches, pears, etc., while vine-producing experts from the Rhine pronounce it the center of the best grape-growing district in the United States.

The purchaser may go upon the land right away, and find it ready for immediate cultivation. It will produce, from the start, \$100 to \$300 per acre per year. A small cash payment is all that is required to give possession, and two years may elapse before a second payment is due, with a total of seven years allowed to complete the purchase price, if desired. Prices range from \$200 per acre to \$250 for land already in cultivation. The higher price, of course, covers the choicer locations, adjoining the townsite. Each acre of land carries with it a proportionate share in the irrigation system and the

commercial organization, the total number of shares in each corresponding with the number of acres of land in the property.

Special Features Recommend Plan.

Provision is made for extension of payments in the event of sickness, and absolute protection for family or heirs of purchaser against loss of property in case of death. These liberal provisions, all in the contract, place the purchaser in such a fortified position that he is assuring the future to himself and his family.

To Eliminate the Middleman.

The organization of the Priest Rapids Commercial Company, endowed with ample capital right from the beginning by the sellers of the land, and becoming the sole property of the purchasers, offers one of the strongest features ever devised for the establishment and development of a community. The company's store will at once be stocked with a line of general merchandise, lumber, fencing, fuel, etc., all purchased at wholesale prices and sold at actual cost of handling. Also this concern will provide an organized selling agency, whereby the marketing of the entire district may be done to the greatest advantage.

Another advantage of the community commercial organization lies in the purchase of efficient labor-saving machinery and equipment, to be rented to individuals at cost, thus reducing to a minimum the necessary outlay for the farm. The company will be fully equipped also to carry on the planting, cultivation, harvesting and selling of crops for non-resident owners, all at absolute cost.

This, briefly, is a sketch of the Priest Rapids plan, but the half has not been told. A call at the company's offices, 125 Henry building, Seattle, or a mail request for a handsome illustrated booklet will bring detailed information. When you are ready to inspect the property, a representative of the company will accompany you, and reimburse you for time and expenses if the story has been in any particular overdrawn.

NEW MAYOR TAKES OFFICE TO-DAY APPOINTMENT OF COUNCIL COMMITTEES

Alderman Gleason Obtains the
Finance Committee
Chairmanship

Victoria's new mayor and aldermen were sworn in this morning before His Honor Judge Lampman, with the exception of Alderman McNeill, who on Saturday took the oath of office, as circumstances required his presence at Calgary.

There was no speech-making at the ceremony, which took place at the court house. His Honor simply handing the city seal over to the mayor for the fifth year of office.

The mayor and aldermen then returned to the city hall and sat in committee for an hour and a half. Mayor Morley subsequently announced that by a majority vote it had been decided to hold a general committee meeting on Friday evenings, the chairman of the committees being empowered to act in the interval between sittings of the standing committee.

There voted for this motion Aldermen Fullerton, Gleason, Meaton, Houston, Dilworth and Humber, and against Aldermen Cuthbert, McCandless and Porter.

The committees were then constituted as follows: Streets, Bridges and Sewers—Streets section, Alderman Meaton, chairman; sewers section, Alderman Humber; sanitary and street cleaning works, Alderman Porter.

Finance—Alderman Gleason, chairman; Aldermen Cuthbert, Houston, McCandless and McNeill.

Health—Alderman McCandless. Lighting—Alderman Houston. (To this department is added telephones.) Parks—Alderman Dilworth.

Fire Wardens—Alderman Fullerton. Home and Cemetery—Alderman McNeill.

Legislative—Alderman Cuthbert. Library—Alderman McCandless.

Agricultural Society Board—Aldermen Cuthbert and Houston.

His worship indicated that, subject to their consent, the two appointive members of the library board, Mr. W. Marchant and Rev. W. Leslie Clay, would be reappointed by him.

The constitution of the committees represents the confirmation of two former chairmen in their positions, Alderman Humber with the sewers department, and Alderman Dilworth with the parks committee. It was anticipated that Alderman Gleason would have the chief committee, that of finance, which is of special importance at the present juncture. Alderman Meaton has an important committee in the streets section, while Alderman Cuthbert will have a new field of opportunity with the legislative committee, in which he succeeds Alderman Anderson. Alderman Fullerton returns to the fire department, where he has rendered effective service in past years as chairman of the fire wardens.

IS TWICE SUMMONED.

Fire Department Has Two Calls.—Automobile At Pacific Garage Causes Alarm.

Two fires occurred in the week-end. One took place at 201 Ontario street, due to a defective fireplace in a residence belonging to S. Dave, and occupied by A. Dalziel. The call was turned in at 2:25 yesterday afternoon and the loss, which was covered by insurance, is small.

Another fire at 5:50 a. m. to-day called the brigade to the Pacific garage, where an automobile belonging to the Local Securities Company, Douglas street, had back-fired. The trouble was quickly remedied.

PHOTOGRAPH OF SIR WILFRID.

Excellent Portrait of Liberal Leader May Be Had at Nominal Cost.

An excellent photograph of Sir Wilfrid Laurier may now be had by application to the central information office of the Canadian Liberal party, rooms 696-612 Hope Chambers, 63 Sparks street, Ottawa. The picture will be sent to any address in Canada on the receipt of 15 cents. This will be welcome news to many who have been desirous of securing good portraits of the Liberal leader but who have not succeeded in obtaining them.

The photograph is 22 inches by 17 inches and comes carefully wrapped in a protecting tube. It is a splendid photograph of Sir Wilfrid as he is to-day.

LINED WITH GALLOWES.

Frightful Atrocities Committed Against Albanians.

A terrible recital of atrocities from information gathered by Austro-Hungarian authorities is given in a Budapest dispatch to the Daily Telegraph, revealing, according to these official reports, a deliberate policy of extermination of the Moslems adopted by the Serbian General Janovitch in the march of his army through Albania to the sea coast.

Between Kumanova and Uskub 3,000 were done to death. Near Pristina 5,000, exclusively Albanians, were massacred under circumstances of the most horrible cruelty. Villages were burned and the fleeing inhabitants were forced to watch their children being carried to pieces with bayonets.

Executions were the daily diversion of the Serbian soldiers. Wherever persons were found in possession of arms they were shot or hanged. The route of the troops on their march was lined with gallows on which the bodies of Albanians were left hanging.

FISHERMAN DROWNED NEAR BEACHY HEAD

NO WITNESS OF SUNDAY
AFTERNOON FATALITY

Only Other Occupant of Boat
Did Not See John Stewart
Fall Overboard

John Stewart, a young fisherman, was drowned off Beachy Head about 2 o'clock Sunday afternoon, and Albert Crane, the only man who was present, is unable to explain how he came in the water.

Crane and Stewart were partners in business, and were anchored in their gasoline launch off Beachy Head Sunday afternoon. Each was engaged at a separate task when Crane says he heard a splash behind him. He turned and saw Stewart come to the surface of the water about four or five lengths away.

"Try and keep afloat, Jack," he shouted, and cut the anchor rope. The boat drifted to the spot in an instant, as the tide was flowing out rapidly, but Crane did not see his partner again. After cruising about for two hours Crane turned the boat's head towards Victoria, he says, but on the way ran aground at Senbeck Island and had to wait until 11 o'clock at night for the tide to float him free.

He arrived in Victoria at 1 a. m. and reported the event to the police this morning shortly before 9 o'clock. The provincial police have taken a sworn statement from Crane of the occurrence and in the statement Crane says that both he and his partner were natives of Newfoundland who had been in this city just a few months. They were making a bare living at fishing, selling their catch at Burns' wharf.

Stewart has no relatives near here. His family are all in Newfoundland except a brother, who lives in Alaska. He was unmarried. Crane says his partner had told him he could swim and he had believed it.

The body was not found.

HEAVY PRESSURE IN WALL STREET TRADING

Brokers Hear Comments of Political Legislation That May Come Into Effect

(By F. W. Stevenson & Co.)

New York, Jan. 20.—The market was again subjected to rather heavy pressure during the greater part of the session. Marketwise, there was not much news of importance aside from the deference of extra session at Washington. News was confined mostly to comments as to what politicians are likely to attempt in the way of new legislation. Minnesota rate case was favorable to the railroads.

PRIEST SWINDLED BY STRANGER

First Wanted to Confess, He Said, That He Had Killed a Man.

"Father, I have come to you, to confess that I killed a man in North Dakota who broke up my home, and while I am ready to suffer for my sin I want your advice, I am worth \$50,000, and I would give it all to get out of this scrape."

This startling confession was made to Rev. Father John J. T. Philippe, at Bemidji, Minn., pastor of St. Philip's Catholic church. The man gave the name of John T. Bailey and left with the understanding that he was to return for a conference with City Attorney P. J. Russell, for the purpose of returning to North Dakota to stand trial for the murder which he said he had committed.

Although skeptical from the first of the man's tale, the priest was so impressed by his apparent sincerity and because of his alleged acquaintance with the church clergy, even to Cardinal Gibbons, that he did not hesitate to offer Bailey, who later gave his name as Ed. Burns, a small sum for temporary relief.

The stranger took the money and left, saying he would return in an hour. He did not return and the priest notified the police and the man later was arrested. He pleaded guilty to the charge of petit larceny and admitted his visit to the priest was a hoax, whereupon Judge H. A. Gibson gave him ninety days in jail.

ENHANCED VALUE FOR GRANBY MINE STOCK

Canadian Homebuilders Makes First Appearance on Victoria Exchange To-day

(By F. W. Stevenson & Co.)

Victoria, Jan. 20.—For the most part price changes on the local stock exchange were not important. Granby was an exception, and the enhanced value effected a sale at \$29.00 per share. Both Coronation Gold and International Coal kept their levels. Canadian Homebuilders' stock made its first appearance on the list, with one hundred shares offered at 90 cents.

FINANCIAL NOTES.

A prominent Minneapolis elevator company makes an estimate placing the amount of wheat in the country available for Minneapolis and Duluth at 100 million bushels.

A New York dispatch says: President Wilson has notified Chairman Underwood that he will defer issuing call for extra session until the tariff bill is ready for action.

A New York dispatch says: Railroad win in Minnesota rate case. Chicago visible supply: Wheat, increase 62,000 bushels; corn, increase 62,000 bushels; oats, increase 62,000 bushels.

MARRONS

Of course there are other Marrons, yet why do people ask for Cresca Marrons as if they were the only Marrons to be had?

It is simply because they have found from experience that the Cresca variety hereto has proven to be beyond all comparison. They are the finest that human skill and perfect materials can produce.

BERNHARDT'S HOBBY IS HER PROFESSION

TRAGEDIENNE FINDS HER RELAXATION IN WORK

Declares Her Favorite Shakespearean Role is Hamlet—She Likes Canada

We are grateful to Shakespeare, Racine, Sardou, Dumas, and others famous in the annals of dramatic play-writing; but we are perhaps far more grateful to those great actors who have so realistically interpreted them for us, and our gratitude amounts to a type of idolatry in the case of those greatest actors who have made the characters live over again for us with that faultless realism which even knowledge fails to disillusion. Foremost among the tragediennes who have succeeded in utterly casting out their own personality and becoming on the stage a living, breathing impersonation of the tragic character they assumed is Sarah Bernhardt, the individual, outstanding, historic genius of the dramatic stage.

Acknowledged queen of tragediennes, she accepts the homage which is given her by the throngs which crowd to see her in the theatre when seats are to be had, out of it when it is impossible or when her admirers wish to show their admiration still more. "Sarah Bernhardt is coming! Sarah Bernhardt is here!" Such news is sufficient to draw the passer-by like a magnet, and her exits and entrances at the Victoria theatre during her short stay here were waited for by pressing crowds who wildly cheered the veteran tragedienne as she made her way from or to the stage door.

It was through the waiting crowd that her interviewers had to pass after a few minutes spent in her dressing-room on Saturday afternoon, minutes during which the great actress revealed something of herself in telling some of her impressions about our western country. Although Mme. Bernhardt speaks little English she apparently understands it quite well, and it was at her own request that the three or four visitors present addressed their remarks in English. Mr. Tollegen, who acted as interpreter, giving Madame's replies.

"Oh, yes! She liked America. She liked Canada. The scenery was magnificent; the people enthusiastic. But this theatre! (And here the supreme queen of tragedy threw up her hands with despairing gesture). 'C'est abominable; c'est abominable!' she exclaimed, expressing by her very dearth of words the indescribable pity that so appreciative a people should give their actors and actresses so poor accommodation.

The "stars" dressing-room had been designed for the nonce, and a temporary dressing-room erected on the stage behind the scenes for Bernhardt. Even this had something individual, something Bernhardtian in its arrangements—bits of Oriental color, warmth, an effort at barbaric luxury, which seem so intimate a part of the artist's temperament. In the centre of it all stood Bernhardt, erect, gracious, supporting herself lightly with the fingers touching the table, her personality dominating everything else and sinking it to insignificance. Beside her stood M. Tallegen, the much-to-be-envied, leading man to the world's greatest actress, his remarks to her being addressed with the reverential courtesy which intellect almost invariably accords to its superior.

Will Be Great.
"Yes," in reply to one of the questions, "Madame says that there is one talented young artist in France whom she predicts will one day be a great tragedienne, but naturally she does not wish to name her. It would mean discouragement to so many others if she did."
"Madame herself will return to Paris in May. But only for five or six days. After that she will go to Algiers."
Here Madame, following the conversation, interrupted by saying that she travelled and worked all the time, that

enter a nunnery! That she was with difficulty persuaded to enter the Paris Conservatoire to study acting! That Sarcy, the great French critic, was responsible, through his drastic and slighting criticisms of her first appearance as Iphigenie, for her retirement from the stage for some time! Surely it was a Divine Fate that urged her on, and gave to the world a name which will be classic in the centuries to come!

ELECTORS CARRY ROADS BY-LAW

TWO-THIRDS MAJORITY FAVOR PROPOSED WORK

One Retiring Councillor of Saanich is Beaten and Another Has Close Call

Interest in the municipal election at Saanich on Saturday centred in the vote to authorize the passage of a loan by-law to borrow \$350,000 for permanent road work. There was much activity during the day in getting voters to the six stations distributed over the wards, and ultimately Returning Officer J. R. Carmichael declared the by-law carried by a majority of 231. The vote was as follows:

For.....697
Against.....371

Majority.....224
Thirteen spoilt ballots. Total vote 992.

Three councillors, Messrs. Borden, McGregor and Frank Verrier had been already returned by acclamation with Reeve Nicholson, and interest in the three wards contested was concentrated on Ward Five, where the retiring councillor had a majority of only seven votes.

The poll for councillors resulted:

Ward Three:
Sidney Williams.....75
W. E. Hill (retiring).....5
J. Tracey.....6

Ward Four:
H. J. Dunn.....126
J. Freeman.....49

Ward Five:
F. G. Quick.....57
A. J. Daly.....90

School Trustees (two to be elected):
Percy James.....656
James Owens.....488
Cornelius Pointer.....341

The two new members of the municipal council are thus Councillor-elect Williams, who defeated Councillor Hill and Frank Verrier, who replaces Councillor Gale.

This January Sale is So Attractive To Men

Because both Suits and prices are so attractive. It's true that there is only one Suit of a pattern—perhaps only one of a style—But the generous reductions amply compensate for lack of variety. Come in and see the bargains in Raincoats, Suits, Overcoats and Odd Pants.
